**General Comments:**

**Ownership:** Confirmed. The Ford County Supervisor of Assessment reported that the taxes are paid by Meuser Construction & Excavation Inc. and Steven B. & Deborah S. Meuser.

On September 17, 2012 at approximately 10:20 a.m., I conducted an inspection at an area just southeast of the intersection of Meuser Drive and South Washington Street in Paxton as the result of a citizen complaint, C13-023-CH. The complainant alleged the open dumping of wastes coming from demolition sites. The purpose of this inspection was to determine regulatory status and evaluate compliance with the Environmental Protection Act (Act) and Title 35 Illinois Administrative Code, Subtitle G: Land Pollution (Regulations).

**September 17, 2012 Observations:**

I arrived on this site at approximately 10:20 a.m. The purpose was to investigate a complaint of open dumping. The weather was clear sky, 68 degrees and dry soils. No one was on that part of the site. It appears this part of the property is the vehicle and equipment parking/storage area for this business.

I observed in several piles along the south edge of the parking area containing general construction and demolition debris that included red brick, concrete block, broken concrete, dimensional lumber, particle board/plywood, soil, plastics, metallic conduit, and metals (photos 1,2,3,4). It appears that the debris had been on the site for awhile since large weeds were growing in the debris and around the piles.

I then walked south into the farm field and east where I followed dual wheel vehicle tracks to a pile of general construction and demolition debris that appeared to be a building including the building's contents (photos 5,6,7). Observed in the pile were dimensional lumber, plastics, metals, landscape wastes, a bench grinder and air conditioner. This pile of wastes appears to have been disposed at the site within the previous week as the vehicle tracks had not been disturbed by recent rain events.

As I was preparing to leave, I heard a lawnmower start that was east of the debris piles. I went over to see if the operator was Mr. Meuser. I spoke with the un-named individuals and inquired if Mr. Meuser was around. He stated that Mr. Meuser was in Champaign and that he would let Mr. Meuser know that I had been there.

I left the area at approximately 10:50 a.m.

**Apparent violations observed during this inspection:**
