TIME CERTAIN WAIVER OF STATUTORY DECISION DEADLINE

NOW COMES the Petitioner, JOHN BLICKHAN, pursuant to 35 Ill. Admin. Code §101.308(c)(2) and files his *Time Certain Waiver of Statutory Decision Deadline* to extend the current statutory deadline for a final Board decision in this proceeding as specified in Section 40 of the Illinois Environmental Protection Act, 415 ILCS 5/40.

In support of the *Time Certain Waiver of Statutory Decision Deadline*, Petitioner states:

1. Petitioner timely filed its *Petition for Review* to appeal a February 22, 2008, determination of the Illinois Environmental Protection Agency (“IEPA” or “Agency”), which denied Petitioner’s application for completion of the post-closure care period for the closed Blickhan Landfill. On July 10, 2008, the Board issued an Order accepting Petitioner’s *Petition for Review* for hearing and decision on the issues presented.

2. Petitioner and Respondent (collectively the “Parties”), have undertaken preliminary discussions to explore the possibility of settlement. Technical and legal representatives for the Parties have met on several occasions to attempt to resolve the technical matters raised in this Appeal.

3. At the last technical meeting, the Parties outlined terms of a tentative settlement involving additional groundwater sampling and analysis to address questions raised by the

Agency. The agreed-upon groundwater sampling was completed in furtherance of the tentative settlement agreement, but the analytical results of the split sampling was not consistent.

4. The Parties held another meeting at the Agency's Springfield offices in August 2012 which resulted in a preliminary agreement on the analytical results, engineering evaluations, and related technical information the IEPA needed to make a final decision. Petitioner's environmental consultant assembled the relevant data, compiled additional information regarding hydrogeology of the landfill setting, and completed the statistical analyses requested by IEPA. A complete package of all information, data, and analyses was submitted to IEPA in late October 2012.

5. IEPA has made a tentative determination to accept the information and analyses submitted by Petitioner as sufficient support for approval of the Certification of Completion of Post-Closure Care subject to completing some additional site work. To allow sufficient time for Petitioner's consultant to complete the additional site work requested by IEPA and for the Agency to finalize its determination, Petitioner waives the current statutory decision deadline of May 2, 2013, and requests an extension to August 21, 2013, for the Board's decision in this proceeding.
