RE: PCB 2013-024

Mr. Therriault

Midwest Generation's dirty coal plants in Illinois have been dumping dangerous sulfur dioxide emissions into the air and making local residents sick for far too long. In order to reduce dangerous pollution and save lives in Illinois, I urge you to require the company to meet the pollution reductions it previously agreed to by voting no on the requested variance.

Sincerely,

Paul Shanyfelt
591 Walnut Lane

Midwest Generation should be required to meet its obligations by installing pollution controls, as previously agreed. Local residents have been paying the price of their pollution for far too long. Forcing Midwest Generation to meet their obligations to reduce sulfur dioxide pollution will save lives. I urge you to vote No on the requested variance.
