Petition of Review

I, Elmer Rowe the Respondent is the present owner of such property located in Jackson County.

The Respondent Greg Rowe is my son But does not operate or access my property and there is no facility of operation.

The property is not or never has been a open Dumping site.

I have never operated a facility on this site.

I was at one time Gonna start a sawmill on this Property, inwhich there is things on the property for that property. Inwhich photo's 0778125011-01252013-08 implies that, pallets, & Etc.

Photo - 0778125011-01252013-07 is a small utility trailer full of odds & Ends, inwhich was tarped, but has been weathered.

There was a trailer set up on property at question for my son, But after further thought needed much needed repairs to be liveable, so it was stripped apart and disposed of then remaining part was burnt in which that's what the other photos show.

I have never ran or operated a landfill facility on this property or any other property I've ever owned.

And I don't allow open dumping on my property.

On Jan 25, 2013. I was approached by two gentlemen stating they were from Jackson County Health Dept. stating they had a complaint, and that I needed to clean my property up. I advised them I would do so, they also advised me. if it wasn't cleaned up. I could get a violation and fined, I assured them I would clean it up. Then I received this summons I'm not understanding this, on the violations I've never allowed or cause litter, on my own property, I've never caused or allowed scavenging and the only open burning was the remains of the trailer floors. which was attached to frame of trailer. in which the fire was a controlled fire, and it was on my property.

I complied with what they ask me to do, clean up the property. now I'm not understanding the violations and fines.

Elmer Rowe
