CLERK'S OFFICE

MAY 20 2013

STATE OF ILLINOIS
Pollution Control Board

PCB

2/15/2013

Dear Mr. Therriault,

I strongly oppose Ameren's request (PCB 12-126) to transfer to Dynegy its variance from Illinois air quality standards. I think Ameren should not have been given the variance in the first place since they are polluting the air we all breathe.

The two companies are attempting to do this without any public hearing; it would be wrong, and probably illegal, to do this without a public hearing. After all, it seriously affects children and the elderly who breath polluted air.

Dynegy doesn't NEED this variance and they should be held to the air pollution laws of Illinois.

I am asking you to deny Ameren's request to transfer to Dynegy its variance from Illinois air quality standards. Please DO NOT give them permission to pollute in Illinois.

Sincerely,
Barbara Gurtler, Peoria, Illinois
