CLERK'S OFFICE
MAY 29 2013
STATE OF ILLINOIS
Pollution Control Board

The Pollution Control Board (Board) is accepting public comments and will conduct a public hearing on a prospective carbon monoxide, lead, nitrogen oxides, ozone, particulate matter, and sulfur oxides SIP submittal or submittals to the U.S. Environmental Protection Agency (USEPA). The Board will accept written comments on the proposed rule that will form the basis for the SIP proposal until 45 days after the date of this issue of the *Illinois Register*, and a public hearing will occur in Springfield and Chicago on June 26, 2013. The Board presently anticipates adoption of Illinois ambient air quality standards that are identical-in-substance to federal National Ambient Air Quality Standards (NAAQS) on July 25, 2013.

Section 10(H) of the Act (415 ILCS 5/10(H), as added by P.A. 97-945 (eff. Aug. 10, 2012)), mandates this rulemaking requiring the Board to “adopt ambient air quality standards specifying the maximum permissible short-term and long-term concentrations of various contaminants in the atmosphere; those standards shall be identical in substance to the national ambient air quality standards promulgated by . . . the United States Environmental Protection Agency in accordance with Section 109 of the Clean Air Act [(42 U.S.C. § 7409)].” 415 ILCS 5/10(H). In addition, Section 9.1(e) of the Act requires the Board to conduct this rulemaking pursuant to Section 7.2(b) of the Act (415 ILCS 5/7.2(b) (2012)) for adopting rules that are “identical in substance” to the federal requirements.

On May 16, 2013, the Board adopted a proposal for public comment in docket R13-11 to initiate adoption of the NAAQS using the identical-in-substance procedure. This in initial identical-in-substance proceeding embraces federal NAAQS adopted between April 30, 1971 and December 31, 2012. A Notice of Proposed Amendment appears in today’s issue of the *Illinois Register* relative to the docket R13-11 proposal.

The Board expects that the Illinois Environmental Protection Agency (Agency) will submit the present amendments as a revision to the Illinois SIP for ozone pursuant to section 110 of the federal Clean Air Act (42 U.S.C. § 7410(a) (2010) and the implementing USEPA regulations. See 40 C.F.R. § 51.102 and appendix V (2010).

Section 10(H) of the Act [415 ILCS 5/10(H)] requires the Board to “provide for notice, a hearing if required by [USEPA], and public comment before adopted rules are filed with the Secretary of
