NARRATIVE INSPECTION REPORT DOCUMENT

On April 11, 2013, I (Donna Shehane) conducted an inspection at 9-1-1 Auto Repair, located at 6442 Logan Avenue, Belvidere, IL 61108. The purpose of this inspection was to determine the site's regulatory status and evaluate compliance with the Illinois Environmental Protection Act and Title 35 Illinois Administrative Code, Subtitle G, Part 848, Management of Used Tires. This facility has been previously inspected on March 14, 2012 and October 18, 2012. The weather at the time of this inspection was 40 °F with E winds at 8 mph and light rain.

Upon arrival at the facility, I knocked on the door and found the facility closed. Approximately 15 used or waste tires were observed on racks outside (See photo # 1). Upon closer inspection, I observed water accumulation in some of the off-rim used or waste tires (See photos # 2, # 3, # 4, and # 5).

In a previous Used Tire Administrative Citation Warning Notice dated March 27, 2012, Mr. Becerra of 911 Auto Repair had been advised that all used or waste tires must be stored to prevent water accumulation at all times.

I left the site at about 9:35 am. 911 Auto Repair was found to be out of compliance at the time of this inspection. Apparent violations observed:

1. Section 55(a)(3) of the Environmental Protection Act ("Act").
2. Section 55(k)(1) of the Act.
