Jun 7, 2013

Illinois Pollution Control Board  
IL

PC# 3034

Dear Control Board,

Don't give Illinois coal plants a free pass to pollute. I urge you to reject the request (PCB 12-126) to let five coal plants violate Illinois air pollution limits for the next five years.

I believe that every Illinois citizen has the right to breathe clean air and to have a healthy community. Dynegy, in seeking to purchase five coal plants in Illinois, should be expected to play by the rules and comply with our state's air quality standards. For too long, the communities surrounding these plants have been negatively impacted by coal pollution. In 2006, when the Illinois Multi-Pollutant standard went into effect, people living near these plants expected things to improve. Please don't let Dynegy now violate that trust, by giving them permission to pollute our air.

Sincerely,

Jeanne Rahe  
135 Columbia Ave  
Edwardsville, IL 62025-1723

**Subject:** PCB Docket 12-126 -- Don't Give Dynegy Permission to Pollute!

Jun 7, 2013

Illinois Pollution Control Board  
IL

Dear Control Board,

Don't give Illinois coal plants a free pass to pollute. I urge you to reject the request (PCB 12-126) to let five coal plants violate Illinois air pollution limits for the next five years.

I believe that every Illinois citizen has the right to breathe clean air and to have a healthy community. Dynegy, in seeking to purchase five coal plants in Illinois, should be expected to play by the rules and comply with our state's air quality standards. For too long, the communities surrounding these plants have been negatively impacted by coal pollution. In 2006, when the Illinois Multi-Pollutant standard went into effect, people living near these plants expected things to improve. Please don't let Dynegy now violate that trust, by giving them permission to pollute our air.

Sincerely,

Marcia Langlois  
7174 E 9000n Rd  
Grant Park, IL 60940-5207

**Subject:** PCB Docket 12-126--LET'S DO NOT GIVE DYNEGY PERMISSION TO POLLUTE HERE IN THE "LAND OF LINCOLN!"

Jun 7, 2013

Illinois Pollution Control Board  
IL

Dear Control Board,

Don't give Illinois coal plants a free pass to pollute. I urge you to reject the request (PCB 12-126) to let five coal plants violate Illinois air pollution limits for the next five years.

I am one of the original, modern environmental/energy (cleaner air) activists ever since around the first "EARTH DAY" (Wednesday, April 22, 1970), more than 43 years ago--and still going strong! My position is that every Illinoisan has the RIGHT to breathe cleaner air, and to live a healthier lifestyle (and have a better quality of life) within a healthier community. By seeking to purchase five coal-fired power plants in Illinois, Dynegy should be EXPECTED TO "PLAY BY THE RULES" NOW, AND IMMEDIATELY COMPLY WITH OUR STATE'S CLEANER AIR QUALITY STANDARDS. For way too long, the communities surrounding these coal plants have been ADVERSELY IMPACTED by coal pollution. In 2006, when the 'Illinois Multi-Pollutant Standard' went into effect, people living near these plants expected things to improve. Please do NOT let Dynegy violate that trust now, by giving this company permission to pollute our air!

Sincerely,

DENNIS R. NELSON, Energy-Environmental researcher  
3022 S Archer Ave # 302  
Chicago, IL 60608-5513

Please don't let Dynegy now violate that trust, by giving them permission to pollute our air.

We need to wake up to the destruction fossil fuels continues to produce in our ecosystem. We are past the tipping point and for lawmakers to move aside and allow Big Coal and Oil to violate our Earth for their profit is more than just wrong, it's criminal. Please do what is right for the land and her people.

Sincerely,

Jun 7, 2013

Illinois Pollution Control Board  
IL

Dear Control Board,

Don't give Illinois coal plants a free pass to pollute. I urge you to reject the request (PCB 12-126) to let five coal plants violate Illinois air pollution limits for the next five years.

I believe that every Illinois citizen has the right to breathe clean air and to have a healthy community. Dynegy, in seeking to purchase five coal plants in Illinois, should be expected to play by the rules and comply with our state's air quality standards. For too long, the communities surrounding these plants have been negatively impacted by coal pollution. In 2006, when the Illinois Multi-Pollutant standard went into effect, people living near these plants expected things to improve. Please don't let Dynegy now violate that trust, by giving them permission to pollute our air.

Sincerely,

Azikiwe Lathan  
683 8th St  
Chicago Heights, IL 60411-1928
