Re: Public Comment in Support of Illinois Power Holdings' Petition, Docket No. 2014-010
(Air-Variance)

Dear Honorable Members of the Illinois Pollution Control Board,

As a contractor for both Ameren Energy Resources and Dynegy, our company and its employees depend upon a vibrant Illinois power generation industry for our livelihood. Unfortunately, the industry has been hard hit by the national economic crisis and market conditions, particularly here in Illinois. As an employer, I am writing to share my support for approval of the above mentioned variance request by Illinois Power Holdings (IPH), a Dynegy subsidiary.

Dynegy has stepped up to help support much-needed union jobs and economic activity in Illinois through IPH's proposed acquisition of Ameren Energy Resources (AER). With this transaction, Dynegy plans to double its operations and investment in Illinois as a responsible neighbor and major employer of highly-skilled, well-paying union jobs.

In September 2012, the Illinois Pollution Control Board granted AER's variance request, recognizing both the environmental and economic benefits of doing so. IPH is seeking similar relief and is committed to complying with the compliance conditions previously imposed by the Board. As a closing condition under the transaction agreement, if this petition for temporary relief is not granted these environmental and economic benefits will be at risk.

A successful transfer of the plants to IPH offers the best opportunity for hundreds of workers, their families and our communities in addition to a stable tax base that provides critical support for our local schools, emergency response organizations and countless local governments.

AER and Dynegy are important economic engines for the state of Illinois and our local communities, especially in economically challenged Central and Southern Illinois. On behalf of our company, which has supported jobs and paid taxes in Illinois for more than 15 years, I urge the Board to improve air quality and support much-needed Illinois jobs and economic activity by granting IPH's petition for the requested temporary relief.

Sincerely,

Michael J. Adams, Vice President
Headwaters Resources, Inc. & Headwaters Plant Services, Inc.
