Illinois Pollution Control Board, cc: Dynegy CEO Robert Flexon

Subject: No Free Pass for Dynegy to Pollute! Case Number: PCB 2014-010

Dear Illinois Pollution Control Board,

I strongly urge you to reject Dynegy Corporation's request (PCB 2014-010) to relax pollution limits on its coal plants. These regulations were established to protect the public and our environment from climate-altering emissions, from aerial particulate matter, from mercury emissions and other dangerous and polluting agents. To allow Dynegy to evade these restrictions - for what reasons? - is cynical and dishonest. Dynegy must comply, like other companies, to environmental standards. Politics must not interfere with our striving for a clean and livable environment.

Sincerely,
Joy Schochet

Subject: No Free Pass for Dynegey to Pollute! Case Number: PCB 2014-010

Dear Illinois Pollution Control Board,

Don't give Illinois coal plants a free pass to pollute. I urge you to reject the request (PCB 2014-010) to let five coal plants violate Illinois air pollution limits for the next five years.

Sincerely,
Lester Kloss

Illinois Pollution Control Board, cc: Dynege CEO Robert Flexon

Subject: No Free Pass for Dynege to Pollute! Case Number: PCB 2014-010

Dear Illinois Pollution Control Board,

Is there ANYONE in a position to protect the health and well being "gutsy" enough and "sincerely" concerned about those who are directly affected by the health issues resulting from the foul coal-fired power plant in Edwards, Illinois, as well as similar plants across the U.S.? Those of us who reside in Illinois are fully aware of the blatant and epidemic corruption and how that dictates what we have to accept and live with. We need someone with "gonads" to step up to the plate and truly protect the health and well being of those who they are supposed to serve and protect.

Don't give Illinois coal plants a free pass to pollute. I urge you to reject the request (PCB 2014-010) to let five coal plants violate Illinois air pollution limits for the next five years.

Sincerely,
Lee Johnson

Dear Illinois Pollution Control Board,

Don't give Illinois coal plants a free pass to pollute. I urge you to reject the request (PCB 2014-010) to let five coal plants violate Illinois air pollution limits for the next five years. There is no reason for coal plants not to have modern pollution controls NOW in 2013. Please stand for clean air for all of us. Thank You.

Sincerely,
Mary Jo Graham

Either they upgrade these plants now, or ket them go home to Texas. Do not sell our air quality out to any corporate entity. Either ameren up grades the equipment or the Texas corp does, but no more free ride at the cost of our health.

Sincerely,
Glenn Jones
