Hearing Officer John Therriault

Dear Hearing Officer Therriault,

I oppose Dynegy's request for a variance from Illinois air quality standards. Dynegy has the financial wherewithal to purchase the plants and is doing so voluntarily, but still argues that the company would suffer an undue financial hardship if it was forced to comply with the law. The State should hold Dynegy to its legal and corporate environmental responsibility to clean up any of the coal plants it purchases from Ameren.

Sincerely,

Subject: Please deny Dynegy's request for a pollution variance (2014-010)

Sep 19, 2013

Hearing Officer John Therriault

Dear Hearing Officer Therriault,

I oppose Dynegy's request for a variance from Illinois air quality standards. Dynegy has the financial wherewithal to purchase the plants and is doing so voluntarily, but still argues that the company would suffer an undue financial hardship if it was forced to comply with the law. The State should hold Dynegy to its legal and corporate environmental responsibility to clean up any of the coal plants it purchases from Ameren.

Sincerely,

Mr. Allan Lindrup
