1 HEARING OFFICER WEBB: Good morning, my name is 2 Carol Webb. This is the hearing for AC 09-41, 3 IEPA versus Mark Lewis. It is October 23 and we 4 are beginning at 10:30 a.m. I will note for the 5 record that there is one member of the public 6 present, Mr. Lewis has his fiance with him who may 7 or may not choose to make a public comment later on.

8 In this case, the agency alleges that 9 Mr. Lewis violated section 21 (p) (1) of the Act 10 by causing or allowing the open dumping of waste 11 at his site in Clay County. The agency further 12 alleges that this is a second violation and asked 13 the board to impose a \$3,000 civil penalty. The 14 Pollution Control Board members will make the 15 final decision in this case. My purpose is to 16 conduct the hearing in a neutral and orderly 17 manner so that we have a clear record of the 18 proceedings.

This hearing was noticed pursuant to the Act in the board's rules and will be conducted pursuant to Sections 101.600 through 101.632 of the board's procedural rules. At this time I will ask the parties to please make their appearances on the record.

Page 4 1 Michelle Ryan, Special MS. RYAN: 2 Assistant Attorney General for the Illinois EPA. 3 I have my formal appearance here for the board and 4 a copy for you. 5 HEARING OFFICER WEBB: Thank you. 6 MS. RYAN: And I've given copies to everyone else already. 7 8 HEARING OFFICER WEBB: And Mr. Mark 9 Lewis is here. You are representing yourself, is 10 that correct, Mr. Lewis? 11 MR. LEWIS: Yes. 12 HEARING OFFICER WEBB: Ms. Ryan, would 13 you like to make any opening statement? 14 MS. RYAN: Yes, we believe the evidence 15 today will show that on April 1, 2009, open 16 dumping resulting in litter was observed at a 17 property in Bunnyville Drive near Clay City in 18 Clay County, Ilinois, and that this was a second 19 or subsequent violation of 21 {p} (1) of the Act 20 and as such a \$3,000 penalty is appropriate in 21 this case. 22 HEARING OFFICER WEBB: Mr. Lewis, would 23 you like to make any opening statement or would 24 you just like to wait until it's time to present

Page 5 1 your case? 2 I think I will just wait. MR. LEWIS: Is it to late to ask for time to get an attorney? 3 4 HEARING OFFICER WEBB: It is, it is, 5 yeah. Ms. Ryan, you may call your witness. 6 MS. RYAN: I call Garrison Gross. 7 (Witness was first duly sworn and 8 deposed as follows:) 9 10 DIRECT EXAMINATION 11 By Ms. Ryan 12 0. Can you state your name and spell 13 your last name for the court reporter. 14 Garrison Gross, G-r-o-s-s. Α. 15 Q. What is your job? 16 Α. Have you had any additional training 15 following your college degrees? 16 Yes, the EPA has sent me to numerous Α. 17 trainings through MEEA, Midwest Environmental Enforcemeant Association. I have been in U.S. EPA 18 19 training courses. 20 Ο. Are you familiar with the property 21 on Bunnyville Drive near Clay City known as the 22 Clay City Lewis, Mark A. property? 23 Α. Yes. 24 0. Where is that property located?

Page 7 1 Few miles southeast of Clay City on Α. 2 the east end of Bunnyville Drive. 3 0. Who owns that property? 4 Α. Mark Lewis. 5 Ο. How many inspections have you 6 conducted at that property? 7 Α. I believe about five. 8 Q. I am going to show you what I marked 9 as Exhibit 1. Can you tell me do you recognize 10 that document? 11 Α. I do. 12 0. What is it? 13 Α. It's an inspection report for the 14 April 1, 2009, inspection of his site. 15 Q. Can you please page through that for 16 me? 17 Okay. Α. 18 Q. Is Exhibit 1 a fair, accurate and 19 complete copy of your report from April 1, 2009? 20 Α. Yes. 21 Can you describe the property Q. 22 generally? 23 It's in a rural setting as I said on Α. 24 the east end of Bunnyville Drive, maybe one other

Page 8 home nearby. There is two homes on the property, 1 2 there is several barns and sheds, I don't know how 3 many acres the property has. 4 Who took the photographs that are 0. 5 attached to Exhibit 1? 6 Α. I did. 7 0. What do they show starting with 8 photograph No. 1? 9 That is a waste vehicle with no Α. 10 valid license plate, you want me to continue on 11 with No. 2? 12 0. Continue on with the photos as soon 13 as you are done with those. 14 Α. No. 2 is the second residence, it's 15 on the site, I believe it was being rented to 16 someone, I don't know if it was rented at this 17 time or not but it had been rented in the past and 18 there is various white goods which are appliances 19 that are scattered around the front yard, there is 20 some other piles of household waste on the ground. 21 Q. Can you describe more specifically 22 the white goods in that photograph or is that not 23 possible? 24 Α. There appears to be a microwave,

Page 9 1 maybe a refrigerator or freezer unit, I don't 2 know -- I can't really see what the other stuff is 3 over in the pile. No. 3 is a waste vehicle and 4 that vehicle was observed on the site in February 2006 in relatively the same condition and 5 6 location. No. 4 is another waste vehicle, it was 7 also observed at the site in 2006 in a similar 8 location and similar conditions. 9 Can you describe the situation with Ο. 10 the tires on that vehicle? 11 Α. The tires are bogged down in the 12 mud, it appears it hasn't been driven or moved 13 from that location quite some time, it's also got 14 vines and briar looking bushes growing up around 15 it, it doesn't have a trunk on it. Photograph 16 No. 5 is another waste vehicle, the windows are 17 busted out of the side of it, it was observed at 18 this same location in 2006. Photograph No. 6 is a waste vehicle also observed at that location 2006, 19 20 this particular vehicle has no hood, has no motor, 21 has no wheels, it's just sitting on the ground. 22 Photograph No. 7 specifies the two pickup trucks 23 as waste vehicles, those were also located in a 24 similar condition and location in 2006.

Q. The pickup trucks would be the two vehicles in the very center of the photograph, the brownish one towards the front and the white one behind?

5 Α. Yes, the brown and white pickup 6 Photograph No. 8 is of a waste vehicle, truck. 7 this vehicle does appear to be a newer model 8 vehicle but it was observed in the same location 9 in 2006 and the window was broken out of it, it's 10 also kind of bogged down in the ground or the 11 tires are flat, one of the two. Photograph No. 9 12 another waste vehicle, the trunk is open, the 13 car's kind of bogged down in the mud, it was 14 observed in a similar condition in 2006. 15 Photograph No. 10 is of a waste vehicle, also 16 similar -- it's in a similar condition as it was 17 before and observed in 2006. Photograph No. 11 is 18 of another waste vehicle, it's missing the hood, 19 there is a battery, looks like a car battery out 20 in front of it, it was observed similar condition 21 back in 2006. Photograph No. 12 is of a waste 22 vehicle, it appears also to be bogged down in the 23 mud, there is a car battery out in front of with 24 the hood open and No. 13 is of a waste vehicle on

1 the property.

2 0. Can you describe what appears to be 3 on the hood of that vehicle? 4 Α. Appears to be an orange drop cord 5 and one of the things that I look at when I try to 6 determine if a vehicle is a waste vehicle or not 7 is whether or not it is currently licensed which 8 would be in use, then if it's usable and if it's 9 capable of being used in its current condition and 10 these vehicles did not appear to be useful in 11 their current condition or if they are protected 12 for future use which they were not and that would 13 be in a building. 14 Did any of these vehicle that you 0. mentioned in the photographs have a license plate 15 16 on them? 17 Α. Not based on looking at the 18 photographs. 19 At several points in the photographs 0. 20 you described that the vehicle was in a similar 21 location and condition as to 2006 which would have 22 been three years prior to this inspection, what 23 was the purpose of noting that?

A. To show that they had not moved from

Page 12 1 the location that they were at which would 2 indicate that they are not in use or usable in 3 their current condition. 4 Do these photographs attached to Ο. 5 this inspection report accurately depict what you 6 saw at the property on April 1, 2009? 7 Α. Yes. 8 Q. Approximately when was this report 9 generated? 10 Α. Within a week or so of the date that 11 the inspection was conducted. 12 0. Does Illinois EPA keep these reports 13 in the regular course of its business? 14 Α. Yes. 15 Ο. Is it the regular course of Illinois 16 EPA's business to make such records at or 17 reasonably after the event reflected there on? 18 Α. Yes. 19 MS. RYAN: At this time I would move for 20 admission of Exhibit 1 into evidence. 21 HEARING OFFICER WEBB: Exhibit 1 is 22 admitted. 23 MS. RYAN: I have nothing further at 24 this point.

Page 13 1 HEARING OFFICER WEBB: Mr. Lewis, you 2 have the right to cross-examine the witness about 3 anything he just said or you can just wait for 4 your personal testimony, it's up to you. 5 MR. LEWIS: I have a few questions. 6 7 CROSS EXAMINATION 8 By Mr. Lewis 9 How many vehicles do you have? Ο. 10 Α. In my home? 11 Ο. Yes. 12 Α. Two. 13 Q. Does that include a work car? 14 Α. Work car stays at work. 15 Q. Do you park your vehicles inside a 16 garage every night? 17 Α. Yes. 18 Every night? Q. 19 Α. Yes, every night. 20 Do you live in town or in the Q. 21 country? 22 Α. I live in town. 23 Q. Do all your neighbors do the same 24 thing?

Page 14 1 Some park their vehicles out in the Α. front of their driveway, most of them park them in 2 3 the garage. 4 Ο. But some do park them outside? 5 Α. Yes. 6 Ο. Perfectly okay to park a running 7 vehicle outside? 8 Α. Yes. 9 MR. LEWIS: That is my question, thank 10 you. 11 HEARING OFFICER WEBB: Anything 12 further? 13 MS. RYAN: No, thank you. 14HEARING OFFICER WEBB: Thank you, 15 . Mr. Gross. Mr. Lewis, the court reporter will 16 swear you in and you may give your testimony. 17 (Witness first being duly sworn, 18 testified and deposed as follows:) 19 HEARING OFFICER WEBB: You may state 20 your case. 21 MR. LEWIS: I would like to just go back 22 through your evidence, what you guys refer to as 23 waste is money to me, I don't think we understand 24 each other on that. This is what I do, I fix

1 Mine aren't numbered, I am sorry, I didn't cars. 2 see it, this blue car you are looking at here is a 3 one year only aluminum block 4.6 motor that is 4 worth about \$1,500 to me. I haven't had the 5 opportunity to sell it yet, it's very rare. Boyd 6 Connington put one in a hot rod on TV, they're 7 that rare. Ford Lincolns used an aluminum block 8 engine for one year and that car has it. I had a 9 hard time finding that car. I gave \$700 for that 10 car.

Page 15

11 The picture of the house in Exhibit 12 No. 2, that was in the middle of kicking out 13 someone that didn't pay the rent, they actually 14 had a meth lab in the upstairs, local sheriff 15 tuned me into it, we got them kicked out, he told 16 me himself, Lee Reichert, at the time to place the 17 stuff in the front yard, give them 30 days to get 18 it out and if they didn't come pick it up, put it 19 in a dumpster, that's what you're looking at, 20 you're looking at their belongins in a pile. If 21 you look there's their microwave, trash bag full 22 of clothes, the big white thing there was their 23 freezer, I did what the local sheriff told me to 24 do, that stuff's gone.

Page 16 1 The white Monte Carlo exposure No. 3 it 2 says, it's a future project, I just haven't got to 3 it yet, it's actually a very nice car, rust free, 4 has new interior. I also purchased that car, I do 5 not remember the price. Exposure No. 4 is a '60 6 Impala, rust free. I traded a couple other cars 7 for it trying to cut down on my inventory, the 8 fenders, the rear-end, it's all worth money, I 9 just haven't had the opportunity to sell it yet. 10 The white Ford van was bought because it has these 11 same -- exposure No. 5, I am sorry, it was bought 12 because it has the same engine as my tow truck, I 13 have a tow truck, it's a spare end for my tow 14 truck, I couldn't think of any better place to 15 store it than inside the car. I take it out, I 16 put it in the shed, mice get in it, who knows, it 17 runs, you can start it and throw a battery in it 18 and fire it up, the rear end's out of the van, the 19 engine and transmission are both good. 20 The blue Ford truck, it was pointed out

that has no wheels or tires, that would be Exhibit No. 6, it had wheels and tires when I got it, I parted it out to that point. It might be -- it might look like trash laying on the ground but to

1 me it's the alternate form of being green, I 2 didn't go buy me a part, I took a part someone 3 else was going to throw in a landfill and I used 4 the rear-end of a pickup truck, the front end, my 5 brother put in his truck, the windows are in a 6 truck in another picture, you know, the bed sides 7 still good, the doors still good, the fenders 8 still good, to me it's parts, it's trash to you 9 guys, to me it's parts. I might come to your 10 garage and see junk, you guys think it's good, 11 this stuff is valuable to me. All right, picture 12 No. 7, the little Toyota pickup truck in the first 13 one, the tan truck runs and drives, it has a rusty 14 frame, it's not safe to use on the road, we use it 15 around the house, we haul a little firewood in it, 16 we haul brush, throw a battery in it, it fires 17 right up, I usually use a little booster pack to 18 start it. As a matter of fact it's not sitting 19 there anymore, it's back behind the big red barn 20 full of brush. The white truck behind it was a 21 truck that was brought to my shop, had a bad 22 engine and the fellow didn't want to fix it, he 23 gave it to me. I have since this picture sold the 24 transmission out of it for \$300 and the only

Page 17

reason I kept the rest of it is the rear end and the front end parts fit a vehicle you can see in another picture that I do drive.

4 Photo No. 8 the Plymouth Neon, I don't 5 remember the year, I sold that car for \$700 on the 6 internet, fellow drove all the way from Evansville 7 to pick it up, he needed the front end and the 8 doors for a vehicle he wrecked, what you guys call 9 waste is \$700 to me, that is a lot of money. 10 Exposure No. 9 is an old cop car, it runs, it 11 drives, the tires are flat, it's been sitting a 12 while, not real sure what I am going to do with 13 it, it's got 85 or 86,000 miles on it, has a four 14 barrel engine in it, the motor in it actually will 15 fit my son's truck, it's a spare engine but it's a 16 pretty nice old car, I hate to just cut it in 17 Photo No. 10 is an '82 Chevrolet pickup half. 18 truck that is registered to me, it does not have 19 current license on it, it does run, it does drive, 20 I drove that truck for eight, nine years. When I 21 am in a bind and I need a vehicle, I can put a 22 battery in it, it will go.

Exposure No. 11 is a mid '80s Chevrolet
 Fiaro, the parts are very valuable in that car,

1 the hood is missing cause I sold it for \$200. 2 There is no engine under the hood, it's a rear 3 engine car, the engine on it is still on the car, 4 the engine is still covered. What you are looking 5 at is like the trunk on a normal car, there is a 6 hole in the bottom so the water can drain, it has 7 a drain hole. The silver thing in the front is 8 actually the radiator, it's a mid engine car, it's 9 not a front engine car. I also have a Fiaro race 10 car that I drive and it's a parts car for that. 11 My son actually has it now, I gave it to him. 12 Exposure No. 12 Ford Bronco, transmission went out 13 of it, I looked for years for a transmission, that 14 was my personal driver for five or six years. Ι 15 looked everywhere for a transmission, I found one 16 two months ago, I just bought it, I could bring 17 the receipt in and show you if you'd like, I got 18 it from the used Bullet Yard (spelled 19 phonetically) in St. Louis. I will be fixing that 20 as soon as I get the opportunity, it's a good 21 truck and the Ford LTD I hit a deer with that and 22 a had a small loan on it at the bank and I just 23 recently got it paid off, I couldn't haul it off 24 until I got it paid off, I had liability

Page 19

1 insurance, I hit a deer on the way to a concert in 2 St. Louis as a matter of fact. I drove that car 3 for about three years, it still runs, it has a 4 good engine and tranny if I can find someone that 5 needs the motor and tranny, it will fit from 1986 6 up to 1996 Ford trucks, it will fit '85 to '94 7 Ford cars, full size cars, motor's worth \$500, 8 \$600 if I can find someone needing it plus I will 9 get paid for putting it in.

Page 20

10 I guess my major thing is we started 11 this, I had a lot more cars and I got rid of the 12 trash, I did and there was an open -- the previous 13 citation you guys are talking about was an iron 14 pile that came with my house, I didn't create it, 15 I didn't make it bigger, I just didn't do anything 16 with it, it was sold at the auction, a guy cherry 17 picked it, left what was out there, I kind of 18 forgot about it, it was out there in the trees, it 19 wasn't as big as this room right here. I paid the 20 fine on that, I should have cleaned that up on the 21 ground but this stuff isn't trash, it might appear 22 trash to someone that doesn't work on cars but 23 that is what I do, I build derby cars, I build 24 race cars, I hate to back up here, the white Ford

Page 21 1 LTD in exposure No. 13, that car is worth about 750 bucks just to derby without an engine, certain 2 3 frame the guys want. If you're not into that 4 stuff and you don't know what you are looking at, 5 it's trash to you but it's not trash to me, it's 6 money to me. 7 HEARING OFFICER WEBB: Ms. Ryan, do you 8 have any questions? 9 10 CROSS EXAMINATION 11 By Ms. Ryan 12 Mr. Lewis, when you refer to the 0. 13 rear-end and front end of the vehicle, what vehicle are you actually talking about there? 14 15 The differentials, the axles under Α. 16 the vehicle. 17 0. So that may not be visible from some 18 of the photographs then, you are talking about a 19 part that is not sticking out? 20 Α. The blue Ford pickup truck is the one we are talking about. If you noticed it's 21 22 sitting flat on the ground, it's cause the axles 23 were sold out. 24 0. You removed the rear end and the

Page 22 1 front end from that vehicle? 2 Yes, they were put in another Α. vehicle I own. 3 If I would have went to the 4 salvage yard that would have cost me a thousand 5 dollars instead it's a truck I got a hundred bucks 6 in, I made money off the parts the way I look at 7 it, I had to have those parts. 8 0. Who is the tenant that you evicted 9 from that house in the picture? 10 Α. What was her name? Jason Phillips, 11 give me a second, her last name was Phillips, 12 Brandy. 13 Ο. Brandy Phillips? 14 Α. Yeah, actually I don't know if that 15 is her legal name or Brandy Carson is her legal 16 She was getting divorced when she lived name. 17 there. 18 What date was she evicted? Ο. 19 Α. I don't have a clue, ma'am, I'd have 20 to go home and look at that. 21 MS. RYAN: That is all. 22 HEARING OFFICER WEBB: Would you like to 23 call your fiance as a witness, does she want to 24 say anything?

	Page 23
1	MR. LEWIS: Yeah, I think I do.
2	MS. RYAN: You want to explain the
3	difference between testifying and public comment
4	to her?
5	HEARING OFFICER WEBB: Do you want to
6	the difference is testimony is sworn and you are
7	also subject to cross examination from the EPA or
8	you can just make a public comment which is not
9	sworn and not subject to cross.
10	MR. LEWIS: Public comment is fine, more
11	than anything just go through the cars and give
12	your take on stuff.
13	HEARING OFFICER WEBB: What's your name?
14	MS. LOMAS: Jill and my last is Lomas,
15	L-o-m-a-s.
16	HEARING OFFICER WEBB: Ms. Lomas is
17	making a public comment.
18	MS. LOMAS: I lived at the property
19	since 2008 and a lot of these cars, you know, Mark
20	does do a lot of work on. He owns a business, he
21	owns a mechanic business obviously. He has moved
22	some of the cars, he has sold some of the parts.
23	The rental house has been cleaned up around, it
24	looks totally different than it does now, there is

1 no open dumping, it's all cleaned up. I am not 2 sure how you would expect us to put all these cars 3 in a barn when we have our personal vehicles in 4 the barn or our restaurant equipment. There is --5 he works on each and every one of these things, we 6 have people coming to the house all the time. Ι 7 am not kidding you two or three times a week 8 someone will stop by and ask does he have a part 9 for this, does he have a part for that, does he 10 have a car that I can buy for this, we've had 11 people, you know, just randomly stop by, it's not 12 like he is not doing anything with the stuff, I mean it is valuable to him, I think that is all I 13 14 have.

Page 24

15 I will just make HEARING OFFICER WEBB: 16 son concluding remarks here, the transcript is due 17 by November 4 and will be posted on the board's 18 web site. The public comment deadline is November 19 6. Any public comment must be filed in accordance 20 with section 101.628 of the board's procedural 21 rules. The agency's brief is due by November 13 22 and Respondent's brief is due by December 2. 23 Ms. Ryan, would you like to make any closing 24 statement?

	Page 25
1	MS. RYAN: No thank you, I will reserve
2	that for my brief.
3	HEARING OFFICER WEBB: Mr. Lewis, would
4	you like to make any closing statement?
5	MR. LEWIS: No, I don't guess.
6	HEARING OFFICER WEBB: At this time I
7	will conclude the proceedings. We stand adjourned
8	and I thank you all for your participation.
