Subject: I Support Protecting Aquatic Life in the Chicago River (R2008-009 (D))

Illinois Pollution Control Board Members

Dear Control Board Members,

I support strong aquatic life standards for the Chicago River.

I just wrote a poem in honor of the Chicago River and walk there at least once a week and bike often in the summer.

The Chicago River provides recreational enjoyment and economic vitality for the people of Chicago. It is critical to keep it clean and safe for people and part of that means keeping it clean and safe for fish and other aquatic life. We can help protect the Chicago River for fish and wildlife by adopting strong aquatic life standards and by adopting measures such as dam removal, fish hotels and other measures.

Yours truly,

Ruth Margraff
