

Board Adopts Second-Notice Proposal for Amendments to Groundwater Quality Rules

The Illinois Pollution Control Board, on August 9, 2012, adopted a second-notice proposal to amend the Board's groundwater quality rules. This rulemaking, docketed as Proposed Amendments to Groundwater Quality Standards, 35 Ill. Adm. Code 620, (R08-18), was initiated by the Illinois Environmental Protection Agency (IEPA) to amend Part 620 of Title 35 of the Illinois Administrative Code (35 Ill. Adm. Code 620).

The amendments proposed for second-notice review by the Joint Committee on Administrative Rules provide updates to Part 620 based upon new scientific data, federal rules, and technical references. Among other things, groundwater quality standards are added for 39 chemical constituents detected in Illinois groundwater that have toxicity values established by the United States Environmental Protection Agency (USEPA) or that have groundwater remediation objectives under the Tiered Approach to Corrective Action Objectives (TACO). Additionally, the Class I groundwater quality standard for arsenic is revised to reflect the new federal Maximum Contaminant Level (MCL). Since first-notice publication of the proposed amendments in the *Illinois Register*, the Board received no public comments. The Board proposes the second-notice rule language without any substantive changes from first notice.

Opinions and orders of the Board, hearing transcripts, and other documents in rulemaking records are posted on the Board's Web site and may be downloaded from the Web without charge. Hard copies may be obtained from the Clerk's office upon payment of reproduction fees as prescribed by Section 6 of the Freedom of Information Act [5 ILCS 140/6]. The Clerk's Office address is Pollution Control Board, James R. Thompson Center, 100 W. Randolph Street, Suite 11-500, Chicago, IL 60601.
