MOTION TO WITHDRAW AND FOR SUBSTITUTION OF COUNSEL

EIVED

NOW COMES the Illinois Environmental Protection Agency ("Illinois EPA") by Connie L. Tonsor, one of its attorneys, and respectfully moves that the Board grant her Motion to Withdraw as counsel for the Illinois Environmental Protection Agency and substitute Deb Williams as counsel in the above-encaptioned matters.

On May 22, 2002, Noveon, Inc. ("Petitioner or Noveon") filed a petition for Adjusted Standard from 35 1) Ill. Adm. Code 304.122, as it relates to the discharge of ammonia in the effluent from its Henry, Illinois plant. The history of this matter is lengthy and rather complex. Essentially, Noveon has a complex chemical process during which ammonia forms in the waste treatment process. However, nitrification of ammonia in the waste treatment process is inhibited by chemicals used in the production process. Ammonia is not used in the production process. Noveon, Inc., then BF Goodrich had filed a permit appeal in 1991. The Board stayed the permit appeal after one day of hearing, pending resolution of ammonia effluent issues.

On June 20, 2003, the Illinois Pollution Control Board ("Illinois PCB or Board") accepted the adjusted 2) standard petition for hearing.

Pursuant to Section 104.416 of the Board's procedural regulations and an Agreement of the Parties, the 3) Illinois EPA's Response to the Petition is due on or before May 15, 2003. It is anticipated that the hearing on the permit appeal will resume and that a hearing on adjusted standard will occur in September or October 2003.

On March 16, 2003, Tonsor, who has assumed additional enforcement/management related duties at the 4)

and the second sec

Illinois Environmental Protection Agency, transferred these matters to Deb Williams. Ms Williams' Appearance will be filed simultaneously with this Motion.

5) Wherefore, the Illinois EPA respectfully requests that the Illinois PCB grant its Motion.
