To the Village of Rankin,

I believe Mr. Polchow's suggestions; among them the nature walk, benches, wildlife sanctuaries, community gardens, the flea markets would benefit the community. - and beautify it.

The restrictions on burning would keep a lot of smoke from blowing through town. Why not burn where it would not bother people?

The flea market might bring people into town and help raise some money for the participants and the village.

It also might help the community spirit by getting people involved and working together.

And why would anyone be opposed to the American flag and the Ten Commandments.

I believe Mr. Polchow has some ideas worthy of consideration.

Sincerely,
Carl S. Fay
312 North Dixon

To whom it may concern:
The nature walk is a really
good idea and should be
considered along with Decade
Veterans place. The new burn
pit should be moved to 101 Grove
St. The community sale would
be benefit Rankin also.
all this should be considered

Sincerely
Michael A. Suresh

I consider these ideas a better and friendly environment for the village of Rankin.

The fire pit needs to be shut down, the atmosphere needs to remain free of pollutants for the health and well being of the citizens of the Community.

Debbie L. Giddish

Dear Gary Polchow,

I am writing to tell you I agree with your letter about the nature walk (I would love to have a nature walk in Rankin something) in Rankin! I also think they should stop burning, it causes my C.O.P.D. To flare up something terrible

Kimberly A. Keaton

Dear Gary Polchow,

I would like to let you know that I am behind you on the nature walk. The children as well as adults would enjoy this. I also support you in any other ideas you have to improve our little community. Hopefully one day it can be what it was years ago. A booming town!

God Bless,

Maamar Lambert

Sandra Lambert

P.S. Also, I would like the illegal burning. It affects so many of the people in this town. As well as my son has severe allergies and it really affects him as well.

To Whom ever,

I feel a nature walk is a very nice Idea.

And as for the burn pit we had ashes raining down on our heads at the Rankin apartments.

Janis
Redmond

To whom it may concern,

I feel a nature walk is a wonderful idea for our community! We need more for our young people to do! The fire pit is a nuisance for those around it, and not good for the air quality. All of these ideas are a positive for Rankin.

Thank you:

323 N. Dixon

Like the idea of nature walks. Get out of
fire Pitt.

I ~~Jamie Faul~~ would like
to have a nation walk
and would like the fire
pit moved from where it
is.
