**HEARING OFFICER ORDER**

On November 19, 2015, all parties participated in a telephonic status conference with the hearing officer. The parties stated that they have negotiated revisions regarding this or other related permit appeals before the Board and continue to make excellent progress on the remaining related appeals. The petitioner stated that it will file an additional waiver of the statutory decision deadline to and including June 16, 2016.

In an effort to assist the Board regarding the above-captioned appeal, the parties are directed to address the attached questions in a filed written response, either jointly or otherwise, on or before December 16, 2015.

The parties or their legal representatives are directed to participate in a telephonic status conference with the hearing officer on December 21, 2015, at 2:00 p.m. Please note the change of date and time. The telephonic status conference must be initiated by the petitioner, but each party is nonetheless responsible for its own appearance. At the status conference, the parties must be prepared to discuss the status of the above-captioned matter and their readiness for hearing.

IT IS SO ORDERED.

## Attachment to Hearing Officer Order

### BOARD QUESTIONS

The Board directs both parties in this case to respond to the following questions:

1. Which permit conditions that were originally challenged have been resolved in settlement negotiations and which ones have not?
2. How are the unresolved permit conditions different from those facilities where the appeal has been resolved, for example, Newton (PCB 06-68)?
3. Has the facility been subject to new operational requirements since this appeal began, for example, state mercury requirements?
4. Do any of those new requirements concern the permit conditions challenged in this appeal? If so, are the new requirements more stringent than the challenged permit conditions?
5. When did the parties to this appeal last meet to discuss settlement?
6. Which party made the last settlement proposal and who is reviewing that proposal? Does the proposal resolve the entire appeal or only one part of the appeal?
