It's a home care worker. I feel that a nature walk would not only be beneficial to my clients and others like them, but possibly therapeutic as well. Furthermore, a fire pit in such a poor location is harmful to the surrounding community, let alone my clients.

To Whom It May Concern,

I would like to see the West End Trash +
Burn dump moved to a different location in Rankin
because of smoke.

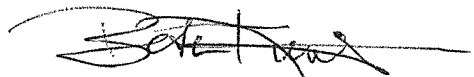

I would like to see a nature trail put
in place on old railroad property in Rankin.

Thank you,

Phillip R. Mikalik

I agree that the village burn pile needs to be moved and I would like to see a nature walk installed.

Thank You,

I am in favor of a nature walk for the city of Rankin. I still own a house here in town but now reside in Danville. When I come to stay in my home, here in Rankin an area for a walk would be wonderful.

Please relocate the village fire pit.

To think it may come

I think that the nation will
not be good for us

she has no good, and the
rest is no good

it will be removed or taken
out

To whom it concerns-

I think the nature walk would be a great idea for Rankin!

and also, I believe the fire pit needs to be relocated or completely gone.

thanks

The L. Reptile needs to be moved
so the kids could have a
place to go walk and see Natchez.

Move the fire pit, have a
nature walk

To whom it may concern, 10/20/15

I Cheryl DeFrancisco believe that a nature walk would be fantastic in our little town. It would benefit the seniors for exercise and for the youngsters to learn about nature. Having water fountains and benches along the way for people to sit if they get tired and the burn pile needs to move somewhere else because it is affecting the people that live near it. The smoke bellows into their houses and cause the people with ~~asma~~ breathing problems.
