Respondent.)

HEARING OFFICER ORDER

On January 14, 2016, all parties participated in a telephonic status conference with the hearing officer. It was noted that since the last status conference, R 15-21, a rulemaking that will have an impact on the above-captioned enforcement matter, has been adopted. Pursuant to federal law, the Illinois Environmental Protection Agency must now submit a state implementation plan (SIP), including the SO₂ emission limits adopted in R15-21, to the United States Environmental Protection Agency (USEPA) for approval.

The parties are hopeful that the SIP will be under review by the USEPA by the end of 2016. The parties agreed that the next telephonic status conference is to be held at the date and time noted below.

To that end, it was agreed that complainant's response to respondent's affirmative defenses is now due on or before May 13, 2016. The complainant's response due date may be revisited at the next status conference.

The parties or their legal representatives are directed to participate in a telephonic status conference with the hearing officer on April 14, 2016, at 11:00 a.m. The telephonic conference must be initiated by the complainant, but each party is nonetheless responsible for its own appearance. At the conference, the parties must be prepared to discuss the status of the above-captioned matter.

IT IS SO ORDERED.

Bradley P. Halloran
Hearing Officer
Illinois Pollution Control Board
James R. Thompson Center, Suite 11-500
100 W. Randolph Street
Chicago, Illinois 60601
312.814.8917
