Dear Illinois Pollution Control Board,

We see no problems with Environmental Recycling and Disposals plan to build a waste transfer station. They have always been good neighbors and good to our community. We support the Village of Rockdale in its approval of the Moen Transfer Station.

Sincerely,

David Barreca

RE: **Case# PCB 2016-54 & PCB 2016-56**

Dear; Illinois Pollution Control Board,

The purpose of this letter is to support the newly proposed waste transfer station in Rockdale, Illinois. As a business owner in the Village of Rockdale that is located within eyesight of the property, I have no objection to the Moen Transfer Station. I can't think of a better location and welcome the facility as a neighbor.

Sincerely,

Michael Malak

Re: Case # PCB 16-54 & PCB 16-56

Dear Illinois Pollution Control Board,

I'm writing to you in regards to my support of the Moen Transfer Station and the approval vote from the Village of Rockdale. Time and time again Environmental Recycling & Disposal has proved that this facility is needed for their service area and that they are more than capable of safely managing and maintaining a waste transfer station. This project would be beneficial to them as well as our community. We are in full support of both Environmental Recycling & Disposal and the Village of Rockdale.

Sincerely,

Darryl A. Dupre

PC#10

Dear Illinois Pollution Control Board,

I am writing in support of the Moen Transfer Station. There are not always community's that would support a waste transfer in or near its community, but being a business owner in Rockdale I feel this is a good fit for our community and see no issues with the development of the Moen Transfer Station.

Sincerely,

Tom M. Lehr - President/Owner
