Dear Illinois Pollution Control Board,

*Don't settle with anyone less.*

I'm writing in support of the Village of Rockdale's approval of The Moen Transfer Station. Being located within a quarter mile of the proposed solid waste transfer station, I have no objection to the type of activity that will take place at 2277 Moen Avenue. Rockdale has a long history of commercial and industrial business that conduct this type of operation, therefore I see no reason that Environmental Recycling and Disposal should not be able to build its waste transfer station.

Sincerely,

RE: Case # PCB 16-54 and PCB 16-56

Dear Illinois Pollution Control Board,

As a business owner in the Village of Rockdale I fully support the Moen Transfer Station. I have no objection to Environmental Recycling & Disposal obtaining a permit to operate a waste transfer station. The Ipema's have conducted business in Rockdale for many years and is a respected business in our community.

Sincerely,
