Dear Illinois Pollution Control Board,

I am writing to express my support for the Moen Transfer Station in Rockdale Illinois. As the owner of Economy Disposal, I depend on disposal options to efficiently operate my business. The approval of this facility will provide much needed flexible hours of operation that are lacking at the only current facility in the area. It would also give relief to the long lines of trucks and significant wait times.

I have been closely following the progression of The Moen Transfer Station and support with the Village of Rockdale's approval of the facility.

Regards,

Ron Tazelaar
