EPA Proposes to Authorize Illinois Hazardous Waste Management Program Revisions

Action Subject to Public Review and Comment

The U.S. Environmental Protection Agency Region 5 Administrator is giving notice of a preliminary determination that the state of Illinois revised hazardous waste management program satisfies all of the requirements for authorization under the federal Resource Conservation and Recovery Act, or RCRA, as amended by the Hazardous and Solid Waste Amendments of 1984. EPA's preliminary determination is subject to public review and comment. The state program revisions are necessary to remain comparable with changes in EPA's hazardous waste regulations.

Copies of Illinois revised program application are available for viewing from 9 a.m. to 4 p.m. at the Illinois Environmental Protection Agency, 1021 North Grand Avenue East, Springfield Illinois; Contact Todd Marvel, (217) 524-5024. Online www.regulations.gov, docket EPA-R05-RCRA-2015-0555.

Illinois has been operating the Hazardous Waste Program under the Resource Conservation and Recovery Act (RCRA) since January 31, 1986. The State of Illinois rules covering the RCRA Federal regulations are found at 35 IAC (Illinois Administrative Code) 720 through 739.

The program application is also available at EPA Region 5's Chicago office, the RCRA/TSCA Programs Section, RCRA Branch, Land and Chemicals Division, 77 W. Jackson Blvd., Chicago, contact Gary Westefer at 312-886-7450.

You can submit your comments – identified by Docket ID No. EPA-05-RCRA-2015-0555 – by one of two methods: go to www.regulations.gov and follow the online instructions; or email comments to EPA's Gary Westefer at westerfer.gary@epa.gov or mail to Gary at the RCRA/TSCA Programs Section (LR-8J), RCRA Branch, Land and Chemicals Division, U.S. EPA, 77 W. Jackson Blvd., Chicago, IL 60604. Comments on this proposed rule must be received on or before April 30, 2016.

PLEASE NOTE: For those getting this mailing, comments will be accepted through May 13, 2016.
