CLERK'S OFFICE

JUN - 3 2016

STATE OF ILLINOIS
Pollution Control Board

To whom it may concern. Wayne and Christina fisher would like to appeal the fine given to us on may 2, 16. We would like to file a petition for review. With the clerk of ill pollution control board. We didn't dump anything on our property the garbage bags they took pics of had leaves in them we were saving for our garden. We were not storing garbage on our property. The things on the property were ours. we feel the fine of 6000 is extremely excessive. we have cooperated each time the heath dept has come out and told us what we had to get rid of. We weren't burning doors. they were set there by accident by my brother. We have a dumpster on our property . we did have a camper on property that we did get rid of. the vehicles did run . we got rid of them. We weren't running a landfill as descried on your papers. The tvs in our yard were mine. We took them to Kelly Willams gas station where they have a bin for tvs. The air cond were ours we use them in the summer. Cabinets were not burned they were thrown in the dumpster at the house. we did take some metal in to the metal yard we have receipts for this. I understand we should get a ticket for the yard. But not a six thousand dollar fine. We didn't hurt anyone. We will continue to keep our yard clutter free from now on.
