PROTECTION AGENCY, )  
 )  
Respondent. )

ORDER OF THE BOARD (by J.D. O’Leary):

On January 16, 2015, Dynegy Midwest Generation, LLC, Baldwin Energy Complex (petitioner) timely filed a petition asking the Board to review a December 12, 2014 determination of the Illinois Environmental Protection Agency (Agency). *See* 415 ILCS 5/40(a)(1) (2014); 35 Ill. Adm. Code 101.300(b), 105.206. The Agency issued petitioner a National Pollutant Discharge Elimination System (NPDES) permit with conditions for petitioner’s coal-fired generating station located at 10901 Baldwin Road, Baldwin, Randolph County. On February 5, 2015, the Board granted petitioner’s unopposed request for a stay of the contested permit conditions.

On July 12, 2016, petitioner filed a motion to voluntarily dismiss (Mot.), which states that the parties have reached agreement on the issues raised in this appeal. Mot. at 1. The motion further states that the Agency on June 28, 2016, issued a final modified NPDES permit reflecting that agreement. *Id.*

The Board grants petitioner’s motion, dismisses the appeal, and closes the docket.

IT IS SO ORDERED.

I, John T. Therriault, Clerk of the Illinois Pollution Control Board, certify that the Board adopted the above order on July 21, 2016 by a vote of 5-0.

---

John T. Therriault, Clerk  
Illinois Pollution Control Board
