Dear Clerk of the Board Brown,

I encourage the Illinois Pollution Control Board (IPCB) to approve the revision to Illinois' Multi-Pollutant Standard air emissions rule filed by the Illinois Environmental Protection Agency (IEPA). I support this revision as it is the best path forward to preserve air quality, while protecting jobs and sustaining economic vitality in the state of Illinois. This rule will reduce emissions while allowing competitive plants to continue providing employment in the state of Illinois, a win-win.

Sincerely,

Jim Marshall
