### Good afternoon, Jonathan:

Thank you for chatting with me this morning. I've now conferred with Mike McCambridge about your concern over standards. Mike and I will recommend that the Board consider referring to Section 39(a) of the Environmental Protection Act—after the words "permit determination"—in the first sentence of the proposed 722.333 Board Note, as you and I discussed.

If you have any other questions, please let me know. Thank you.

Best regards,

Richard

Subject: [External] 35 IAC 722.333

This Section is directly derived from 40 CFR 233, but I'm a bit foggy about the precise criteria that EPA will use to approve/deny unplanned episodic events. Is there some way to provide additional clarification?
