42 Ill. Reg. 6572

At its meeting on 11/13/18, the Joint Committee on Administrative Rules issued a Recommendation to the above-referenced rulemaking. The Committee recommends that, if PCB and EPA believe this program is no longer warranted, they should seek repeal of Section 9.8 of the Environmental Protection Act [415 ILCS 5], which requires EPA to design and carry out an emissions reductions market program.

The agency should respond to this Recommendation in writing within 90 days after receipt of this Statement. Failure to respond will constitute refusal to accede to the Committee's Recommendation. The agency's response will be placed on the JCAR agenda for further consideration.

JOINT COMMITTEE ON ADMINISTRATIVE RULES
ILLINOIS GENERAL ASSEMBLY

STATEMENT OF OBJECTION
TO PROPOSED RULEMAKING

POLLUTION CONTROL BOARD

Heading of the Part: Emissions Reduction Market System

Code Citation: 35 Ill. Adm. Code 205

Section Numbers: 205.115

Date Originally Published in the *Illinois Register*: 4/13/18
42 Ill. Reg. 6572

At its meeting on 11/13/18, the Joint Committee on Administrative Rules objected to the above-referenced rulemaking because it sets a retroactive sunset date for the system that predates any possible adoption date for this rulemaking. Additionally, JCAR objected to EPA's implementation of the policy stated in this rulemaking prior to adoption of this rulemaking by PCB.

Failure of the agency to respond within 90 days after receipt of the Statement of Objection shall constitute withdrawal of this proposed rulemaking. The agency's response will be placed on the JCAR agenda for further consideration.
