Subject: [External] Today's Dynegy-Vistra hearing before IL Pollution Control Board

Ms Tipsord,

I had the privilege of testifying before you and the Board in a previous hearing related to relaxing of pollution standards for Dynegy.

My work schedule does not allow me, nor does my husband's, to come to Springfield to testify today. I wanted to contact you to clarify that my position, and that of the Edwardsville Cool Cities Initiative Advisory Committee, and other groups of which I am a member (League of Women Voters voter services committee) have not change from my previous testimony. I do NOT believe that any variance or easing of pollution control standards (MPS) should be allowed in this situation.

I'm happy to say that our new Governor, based on his remarks when he took office, appears also to favor holding fast on protecting our air quality, and the environment generally.

Rachel V. Tompkins, Ph.D. Edwardsville, IL
