

POLLUTION CONTROL BOARD

NOTICE OF PROPOSED AMENDMENT

- 1) Heading of the Part: Standards for Universal Waste Management
- 2) Code Citation: 35 Ill. Adm. Code 733
- 3) Section Number: 733.132 Proposed Action: Amendment
- 4) Statutory Authority: 415 ILCS 5/7.2, 22.4, and 27
- 5) A Complete Description of the Subjects and Issues Involved: The amendments to Part 733 are a single segment of the docket R19-11 rulemaking that also affects 35 Ill. Adm. Code 703, 720 through 725, 727, and 739. The R19-11 rulemaking updates the Illinois hazardous waste rules to incorporate amendments adopted by the United States Environmental Protection Agency (USEPA) during the second half of 2018: July 1, 2018 through December 31, 2018. A comprehensive description is contained in the Board's opinion and order of February 14, 2019, proposing amendments in docket R19-11, which opinion and order is available from the address below.

R19-11 further includes limited corrections and conforming revisions that the Board finds necessary to previously adopted rules. The Board includes non-substantive stylistic revisions to provisions opened for amendments--many of anticipate changes ordinarily requested by the Joint Committee on Administrative Rules (JCAR).

The following briefly summarizes the federal action in the update periods:

Conditional Exclusion of Airbag Waste from Regulation as Hazardous Waste—November 30, 2018 (83 Fed. Reg. 61552): By an interim final rule immediately effective on publication, USEPA conditionally excluded airbag waste from regulation as hazardous waste by amendments to 40 CFR 260, 261, and 262. The Board incorporates most of these USEPA revisions into corresponding 35 Ill. Adm. Code 720, 721, and 722. USEPA intended to avoid hazardous waste requirements impeding replacement of defective airbags in the Takata recall.

Specifically, the amendment to Part 733 standardizes use of USEPA Form 8700-12 and conform the format of a stated threshold quantity.

Tables appear in a document entitled "Identical-in-Substance Rulemaking Addendum (Proposed)" that the Board added to docket R19-11. The tables list the deviations from the literal text of the federal amendments and the several necessary corrections and stylistic revisions not directly derived from USEPA actions. Persons interested in the

details of those deviations from the literal text should refer to the Identical-in-Substance Rulemaking Addendum (Proposed) in docket R19-11.

Sections 22.4 of the Environmental Protection Act [415 ILCS 5/22.4] provides that Section 5-35 of the Administrative Procedure Act [5 ILCS 100/5-35] does not apply to this rulemaking. Because this rulemaking is not subject to Section 5-35 of the APA, it is not subject to First Notice or to Second Notice review by the Joint Committee on Administrative Rules (JCAR).

- 6) Published studies or reports, and sources of underlying data, used to compose this rulemaking: None
- 7) Does this rulemaking replace an emergency rule currently in effect? No
- 8) Does this rulemaking contain an automatic repeal date? No
- 9) Does this rulemaking contain incorporations by reference? No
- 10) Are there any other rulemakings pending on this Part? No
- 11) Statement of Statewide Policy Objective: These proposed amendments do not create or enlarge a State mandate, as defined in Section 3(b) of the State Mandates Act [30 ILCS 805].
- 12) Time, Place and Manner in which interested persons may comment on this proposed rulemaking: The Board will accept written public comment on this proposal for a period of 45 days after the date of this publication. Comments should reference docket R19-11 and be addressed to:
