Respondents.)

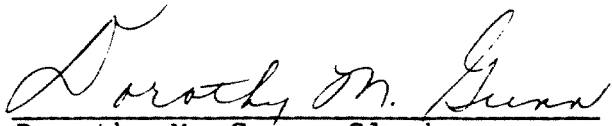

ORDER OF THE BOARD (by B. Forcade):

On June 9, 1986, Warner Electric Brake & Clutch Company ("Warner") filed a clarification of respondents' request for stay. That filing seeks to clarify that Warner and the Illinois Environmental Protection Agency ("Agency") have not reached an agreement on effluent limits in this matter. Warner asserts that the May 16, 1986, request for stay, filed by the Agency, may be interpreted to mean that Warner had agreed to such conditions.

The Board notes that Warner and the Agency have not agreed to effluent limits from the facility in question. However, as the clarification requests no modification of the Board's prior order, none will be proposed.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 20th day of June, 1986, by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
