DISSENTING OPINION (by J. Anderson):

I do not object to incorporating the evidentiary record of PCB 87-29 developed by the County into PCB 87-173. However, I believe that complete incorporation is unnecessary. For example, I see no reason to include the pleadings from the prior case or the Pollution Control Board's hearing record. The Board does not need the inclusion of unnecessary material for its review in these cases.

For this limited reason, I dissent.
