April 18, 1985

IN THE MATTER OF:)
)
TITLE 35: ENVIRONMENTAL PROTECTION) R82-2
SUBTITLE I: ATOMIC RADIATION)
CHAPTER I: POLLUTION CONTROL BOARD)
PART 1000: RADIATION HAZARDS)

ORDER OF THE BOARD (by J.D. Dumelle):

This matter comes before the Board upon a March 18, 1985, letter from Terry R. Lash, the Director of the Department of Nuclear Safety (DNS) regarding the Board's January 24, 1985, First Notice Order in this proceeding. The Director points out that "wherever the published rules refer to 'pico curies per milliliter', they should be corrected by referring to 'micro curies per milliliter'. This error occurs in the tables in Appendix A -- 'Concentrations in Air Above Natural Background' and again in 3.c.".

Since the Board had intended to adopt these rules as proposed by the DNS, the Board hereby orders that those changes be made to the First Notice Order.

IT IS SO ORDERED

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 18th day of April, 1985, by a vote of 5-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
