INTERIM ORDER OF THE BOARD (by J. Anderson):

In its Order of February 19, 1987, the Board announced its intention to hold only one more hearing in these consolidated dockets, and thereafter to provide a 30 day public comment period. Due to the difficulties in coordinating the schedules of the many major participants in this proceeding, it has not been possible to schedule this hearing for a date other than April 28, 1987. The Board is in the process of reviewing this voluminous record, with the intention of commencing deliberations on May 28, 1987. In order to adhere to this timetable, the Board hereby revises its previous schedule for submittal of public comments concerning this phase of the proceeding: all comments concerning Dockets A, B, and C filed on or before May 20, 1987 will be considered by the Board in development of the Board's proposal. Given that the participants are being given some eleven weeks notice of this nine day abbreviation of the comment period, the Board believes that any inconvenience caused thereby should be minimal.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Interim Order was adopted on the 54 day of March, 1987 by a vote of 6-0.
