

ILLINOIS POLLUTION CONTROL BOARD
May 3, 1984

CHRYSLER CORPORATION,)
)
Petitioner,)
)
v.) PCB 82-108
)
ILLINOIS ENVIRONMENTAL)
PROTECTION AGENCY,)
)
Respondent.)

ORDER OF THE BOARD (by J. D. Dumelle):

This matter comes before the Board upon an April 19, 1984 motion filed on behalf of the Chrysler Corporation requesting that the variance granted it on January 13, 1983 in PCB 82-108 be revoked. Chrysler alleges that it has come into compliance through the installation of a Cathodic E-coat prime coat facility and that it has applied for an operating permit for that facility, but has been informed by the Air Pollution Control Division of the Illinois Environmental Protection Agency (Agency) that "revocation is required prior to Cathodic E-Coat operating permit issuance."

The Motion fails to explain why the Agency believes such revocation is necessary prior to permit issuance. However, since variance is no longer necessary, the motion to revoke is hereby granted.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board hereby certify that the above Order was adopted on the 3rd day of May, 1984 by a vote of 6-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
