ORDER OF THE BOARD (by J. Anderson):

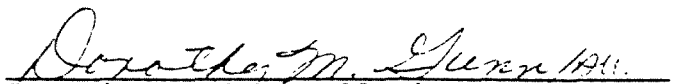

This petition, filed August 10, 1987, is deficient in the following respects:

- 1) The petition does not specify the term for which variance is sought; in this context, the Board also notes that, as it held in its Order of June 25, there is no variance in effect from which extension may be sought.
- 2) While paragraph 8 of the petition discusses some compliance activities, the petition does not contain a compliance plan which contains a compliance timetable indicating increments of progress. Additionally, results of the cost study completed August 1, 1987 and mentioned in paragraph 8 have not been submitted.
- 3) Where documents other than Board Orders are incorporated by reference they must be furnished to the Board. This petition fails to do so.

If an amended petition curing these deficiencies is not submitted within 45 days of the date of this Order, this petition will be subject to dismissal.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 20<sup>th</sup> day of August, 1987, by a vote of 6-0.

  
Dorothy M. Gunn, Clerk
