CONCURRING OPINION (by J. D. Dumelle):

The Board Opinion considers three variances granted to a previous owner. This is a doubtful procedure.

I would have granted a two year variance in order to give sufficient time for the Illinois Environmental Protection Agency's promised revisions of the solid waste rules to be enacted. The Board here is forcing a small company into an expensive site-specific rulemaking which may well be mooted a year later.

Respectfully submitted,

Jacob D. Dumelle
Chairman

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, do hereby certify that the above Concurring Opinion was filed on the 30th day of December 1983.
