 )  
 ) ILLINOIS ENVIRONMENTAL PROTECTION )  
 ) AGENCY, )  
 )  
 ) Respondent. )

ORDER OF THE BOARD (by I. G. Goodman):

On November 16, 1982 Acme Barrel Company (Acme) filed a petition for variance. Due to potential public interest and because a revision to the State Implementation Plan, under the Clean Air Act, may be needed should variance be granted, on its own motion the Board orders hearing set in the matter. Since the petition received indicates that construction modifications have already begun, hearing is to be set as soon as possible.

Prior to hearing, the Petitioner is ordered to answer the following:

- 1) For how long is variance requested?
- 2) When the construction program is completed, will Petitioner be in compliance with Board regulations?
- 3) What type of pollutants are emitted from Petitioner's facility?
- 4) In what amounts are these pollutants estimated to be emitted now, during construction, and after construction?

The answers should be submitted to the Board and the Illinois Environmental Protection Agency.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 2<sup>ND</sup> day of December, 1982 by a vote of 4-0.
