ORDER OF THE BOARD (by J. Anderson):

On June 25, 1981 the Board granted Chevy Chase an additional 90 days in which to file a final report required by Paragraphs 3 and 4 of the Board's Order of February 19, 1981. This report was timely filed on September 23, 1981, in the form of a letter. The letter does not indicate that copies were sent to the other parties in this action.

Pursuant to the terms of the February Order, based on the information contained in the letter the Board should deem that Buffalo Grove and Lake County have refused to accept sewage from the Chevy Chase plant. However, the Board notes that the Chairman of the Lake County Board has had little opportunity to reply to a letter sent by registered mail September 18, 1981 (sent after Chevy Chase had been informed that a September 1, 1981 letter had been misdirected).

As this action has been characterized by imperfect communication, the Board wishes to make sure, before a final exercise of jurisdiction in this matter, that both it and all the parties to this action are fully advised. Chevy Chase is therefore ordered to serve copies of its September 18, 1981 letter/report on all parties to this action on or before October 1, 1981, and to so certify to the Board. All parties are given leave to file responses or comments, if any, on or before October 15, 1981.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 24th day of September, 1981 by a vote of 4-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
