 PROTECTION AGENCY,)
)
 Respondent.)

ORDER OF THE BOARD (by B. Forcade):

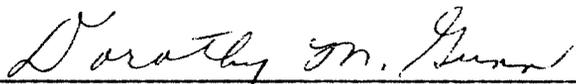

On July 22, 1985, Pfizer Pigments, Inc. ("Pfizer") filed a Petition for Variance relating to its NPDES discharges to Schoenberger Creek. That petition is deficient in the following areas:

1. The petition fails to specify the length of time for which variance is sought;
2. The petition fails to specifically request or waive hearing;
3. If hearing is waived, petitioner must provide an affidavit attesting to the facts contained in the petition; and
4. Additionally, the Board finds the statements on existing environmental quality (Exhibit B) to be extremely general. Pfizer is requested to provide any numerical water quality data it may have on Schoenberger Creek upstream and downstream from its discharge plant.

Unless an amended petition curing the above-noted defects is filed within 45 days, this petition will be subject to dismissal.

IT IS SO ORDERED

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 1st day of August, 1985, by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
