**MOTION FOR EXPEDITED RULING ON MOTION  
FOR LEAVE TO AMEND COMPLAINT, INSTANTER**

NOW COMES the Complainant, KENNETH E. MEDEMA, JR., by and through his attorneys, NOLAN LAW OFFICE, and pursuant to 35 Ill. Adm. Code Section 101.512, moves for an expedited ruling on Complainant's Motion for Leave to Amend his Complaint *instanter*. In support hereof, Complainant states as follows:

On July 5, 2005, Complainant filed his Complaint with the Illinois Pollution Control Board alleging violations of 35 Ill. Adm. Code 901.102, 901.103, 901.104 and 901.106, seeking relief against Respondent for noise pollution emanating and resulting from Respondent's business.

Complainant sought, received and relied upon guidance of IPCB in drafting and filing his Complaint and was dissuaded from retaining counsel, having been advised that IPCB would fulfill that role.

Complainant was not represented by counsel at the time of the filing of the Complaint which alleges violation of Illinois Administrative Code 901.102, 901.103, 901.104 and 901.106 noise measurement standards requiring expenditures for noise analysis.

On October 19, 2005, the NOLAN LAW OFFICE filed its Appearance on behalf of Complainant.

On December 5, 2005, Complainant's counsel filed its Motion for Leave to Amend Complaint. *Instanter*, or in the Alternative to Set a Date Certain for Hearing on Motion, clearly stating the grounds upon which the motion was made and containing a concise statement of the position or relief sought.

Complainant, by and through his attorneys, seeks leave to amend his Complaint by pleading a violation of 35 Ill. Adm. Code 900.102, availing himself of his right to all available remedies and in particular, a broader evidentiary standard not contingent on costly expenditures as is specifically provided under 35 Ill. Adm. 951.104 as follows:

(Agency Note: 35 Ill. Adm. Code 900.102 prohibits noise that unreasonably interferes with the enjoyment of life or with any lawful business or activity, and 35 Ill. Adm. Code 900.102 is not dependent upon utilization of specific numerical limits expressed in terms of decibels. Thus, applicable law does not necessarily require that sound pressure level measurements be obtained to determine whether a noise source is in compliance with 35 Ill. Adm. Code 900.102. In the event sound pressure level measurements are obtained, such measurements shall be in accordance with this report. However, the contents of this report shall not be interpreted so as to require sound pressure level measurements to determine whether a noise source is in compliance with 35 Ill. Adm. Code 900.102.)

On December 20, 2005, Respondents filed its Response to the Motion and on December 27, 2005, Complainant filed his Reply.

No date was scheduled for hearing of Complainant's Motion and same was not addressed until the scheduled telephone status hearing of February 9, 2005 with Hearing Officer Bradley Halloran. At that time, Complainant was advised not only that no ruling from the Hearing Officer would be forthcoming, notwithstanding 35 Ill. Adm. Code

101.502 and 35 Ill Adm. Code 101.610(n), but no date certain would even be set for hearing.

Complainant's Motion is not dispositive of this matter, and does not seek dismissal, summary judgment or the disposal of any issue, claim or defense in this case. Neither does it seek to add parties under Section 103.206, nor are any of the subparts of Section 103.206 applicable herein.

Complainant has complied with the relevant provisions of the Illinois Administrative Code and the continuing delay in the execution of these provisions causes undue prejudice, expense and continuing injury to Complainant, while impeding his rights to remedy as provided by law.

WHEREFORE, Complainant, KENNETH E. MEDEMA, JR. prays for entry of an Order granting leave to amend his Complaint *instanter*.

Respectfully submitted,

NOLAN LAW OFFICE

  
Attorney for Complainant
