Petitioner, )  
 )  
v. ) PCB 84-27  
 )  
ILLINOIS ENVIRONMENTAL )  
PROTECTION AGENCY, )  
 )  
Respondent. )

ORDER OF THE BOARD (by J. D. Dumelle):

On February 29, 1984, the Village of German Valley filed what is purportedly a petition for variance, but which appears to be for an extension of variance, and which is deficient in either case.

First, the petition fails to cite the docket number of the variance proceeding for which an extension is requested. Further, if the Village intends to rely upon the record in that previous case as the basic information for this case, which it apparently does, it should request that the record, opinion and order in that case be incorporated into this proceeding. However, the Board notes that it appears highly improbable that no new facts have arisen regarding the eligibility of the current operator to attain a higher operator classification, e.g. coursework, experience and test schedules or results.

Second, hearing must be either waived or requested.

Third, the Village should have indicated what progress has been made toward compliance during the term of the present variance and why an extension has become necessary.

Unless the Village files within 45 days of the date of this Order an amended petition curing the above-noted defects, the petition will be subject to dismissal.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board hereby certify that the above Order was adopted on the 8<sup>th</sup> day of March, 1984 by a vote of 6-0.
