**ADMINISTRATIVE RECORD**

The Respondent, Illinois Environmental Protection Agency ("Illinois EPA"), by and through its attorneys in accordance with the Illinois Pollution Control Board's ("Board") Order of February 16, 2006, files its Administrative Record ("Administrative Record") in this cause.

Acting in accordance with its authority under the CAAPP provisions of the Illinois Environmental Protection Act (hereinafter "Act"), 415 ILCS 5/39.5(2004), the Illinois EPA issued a CAAPP permit to Dynegy Midwest Generation, Inc. ("Dynegy") on September 29, 2005. The permit authorized the operation of an electrical power generation facility known as the Vermillion Power Station. The facility is located at 2150 North County Road in Oakwood, Illinois. On November 3, 2005, Petitioner filed a petition before the Board challenging certain permit conditions contained within the Clean Air Act Permit Program ("CAAPP") permit issued by the Illinois EPA.

In accordance with the Board's February 16, 2006, Order, a hard copy of the Administrative Record and four copies of the Administrative Record on compact discs are filed with the Board. The Administrative Record consists of, among other things,

Dynegy's permit application materials, various draft permits issued for public comment, correspondence between the Illinois EPA and both Dynegy and the United States Environmental Protection Agency, public comments received during the multiple public comment periods, various construction and operating permits issued to Dynegy, internal agency memorandums, and miscellaneous general reference materials.

Given the considerable amount of paginated materials and the resources required to provide the Administrative Record to the Board and opposing counsel, the Illinois EPA generally did not copy duplicative materials (e.g., general reference and Electric Energy - AUGI model documents) for each of the twenty-one records for the related CAAPP appeals. As the General Reference Material is applicable to all twenty-two appeals, the Illinois EPA has provided one hard copy of the General Reference Materials and four copies of the General Reference Materials on compact discs with the Board for all the related appeals. These documents are listed at the end of this Administrative Record under the heading "General Materials."
