Re: ***People v. J & S Companies, Inc.***
PCB 06-33

Dear Clerk Gunn:

Enclosed for filing please find the original and ten copies of a Motion for Summary Judgment in regard to the above-captioned matter. Please file the original and return a file-stamped copy to me in the enclosed, self-addressed envelope.

Thank you for your cooperation and consideration.

Very truly yours,

A handwritten signature in cursive script, appearing to read "Kristen Laughridge Gale".

MOTION FOR SUMMARY JUDGMENT

Complainant, PEOPLE OF THE STATE OF ILLINOIS, by LISA MADIGAN, Attorney General of the State of Illinois, pursuant to Supreme Court Rules 191 and 192, Section 2-1005 of the Code of Civil Procedure, 735 ILCS 5/2-1005 (2004), and Section 101.516 of the Board's Procedural Rules, 35 Ill. Adm. Code 101.516, hereby moves for Summary Judgment against the Respondent, J&S COMPANIES, INC. No Answer or responsive pleadings to the Complaint have been filed and, therefore, no affirmative defenses have been pleaded. Complainant relies upon uncontroverted facts in the attached exhibits and in the Request for Admission of Facts Directed towards J&S Companies, Inc. mailed to Respondent on November 30, 2005 and filed with the Illinois Pollution Control Board ("Board") on December 2, 2005. In support of this Motion, Complainant states as follows:

STATEMENT OF FACTS

1. Respondent, J&S Companies, Inc. is a Missouri corporation. The Respondent's license to do business in Illinois was revoked on December 1, 2005.

2. In 2003, J & S Companies, Inc. demolished the Landsdowne Jr. High School. See Exhibits A (Affidavit of Christopher Cahnovsky), Exhibit B (December 30, 2003 Inspection Report) and Exhibit C (Request for Admission of Fact Directed towards J&S Companies, Inc.).

3. J & S Companies, Inc. hired First Choice Construction, Inc. to haul the construction and demolition debris from the school demolition site. See Exhibit C (Request for Admission of Fact Directed towards J&S Companies, Inc.).

4. Starting on or about February 6, 2003 until about December 3, 2003, First Choice Construction hauled approximately 92 truckloads of construction and demolition debris from the school demolition site to 7401 Bunkum Road, East St. Louis, St. Clair County, Illinois ("disposal site"). See Exhibits A (Affidavit of Christopher Cahnovsky), Exhibit B (December 30, 2003 Inspection Report) and Exhibit C (Request for Admission of Fact Directed towards J&S Companies, Inc.).

5. J & S Companies, Inc. knew that the construction and demolition debris from the school demolition site was disposed of at the demolition site. See Exhibits A (Affidavit of Christopher Cahnovsky), Exhibit B (December 30, 2003 Inspection Report) and Exhibit C (Request for Admission of Fact Directed towards J&S Companies, Inc.).

6. The construction and demolition debris disposed at the disposal site consisted of brick, metal, plaster, paper, wood, pipe insulation, wire, and rebar. See Exhibits A (Affidavit of Christopher Cahnovsky), Exhibit B (December 30, 2003 Inspection Report) and Exhibit C (Request for Admission of Fact Directed towards J&S Companies, Inc.).

7. The disposal site is not permitted by the Illinois Environmental Protection Agency (Illinois EPA) as a sanitary landfill. See Exhibits A (Affidavit of Christopher Cahnovsky), Exhibit B (December 30, 2003 Inspection Report) and Exhibit C (Request for Admission of Fact Directed towards J&S Companies, Inc.).

8. The disposal site does not meet the requirements of the Act and of the regulations and the standards promulgated thereunder. See Exhibits A (Affidavit of Christopher Cahnovsky) and Exhibit B (December 30, 2003 Inspection Report).

9. On September 1, 2005, Complainant filed its complaint.

10. On November 30, 2005, Complainant mailed to Respondent a Request for Admission of Fact. The Request for Admission of Fact was filed with the Board on December 2, 2005.

11. Respondent has failed to respond to the Request for Admission of Fact.

ARGUMENT

The Respondent violated Sections 21(a), 21(d), 21(e), and 21(p) of the Act, 415 ILCS 5/21(a), (d), (e), (p) (2004) for disposing the demolition debris at the disposal site. There are not genuine issues as to any material facts.

- 1) The Respondent open dumped the demolition debris at the disposal site
- 2) The Respondent conducted a waste-storage or waste-disposal operation without a permit granted by the Illinois EPA and in violation of the Board regulations and standards.
- 3) The Respondent disposed, stored or transported waste at and to a site which did not meet the requirements of the Act and standards and regulations promulgated thereunder.
- 4) The Respondent caused or allowed open dumping of waste in a manner which resulted in litter and the deposition of general construction or demolition debris.

Furthermore, Supreme Court Rule 216 and Section 101.618 of the Board's Procedural Rules, 35 Ill. Adm. Code 101.618, states that each of the matters of fact of which admission is requested is admitted unless the party directed the admission files a verified response within 28

days. In this case, the Respondant has failed to file a response to the Request for Admission of Fact. Therefore, all facts stated within the Request for Admission of Fact are admitted.

WHEREFORE, Complainant, People of the State of Illinois, respectfully request that the Board enter a final order:

- A) Granting Complainant's motion for summary judgment;
- B) Finding that the Respondent, J&S Companies, Inc., violated Sections 21(a), 21(d), 21(e), and 21(p) of the Act, 415 ILCS 5/21(a), (d), (e), (p) (2004) ;
- C) Order the Respondent, J&S Companies, Inc., to cease and desist from any further violations of the Act and associated regulations;
- D) Award the Complainant a penalty of \$25,000 for the violations of the Act;
- E) Grant such other relief as the Board deems appropriate.

Respectfully submitted,

AFFIDAVIT OF CHRISTOPHER CAHNOVSKY

Upon penalties as provided by law pursuant to Section 1-109 of the Code of Civil Procedure, the undersigned certifies that the statements set forth in this instrument are true and correct, except as to matters therein stated to be on information and belief and as to such matters the undersigned certifies as aforesaid that I verily believes the same to be true:

1. I, CHRISTOPHER CAHNOVSKY, am employed by the Illinois Environmental Protection Agency ("Illinois EPA"), as Regional Manager in the Field Operations Section of the Bureau of Land ("BOL"). I have been employed by the Illinois EPA as Regional Manager for five years. Prior to promotion to Regional Manager, I was an Environmental Protection Specialist conducting solid waste field inspections since May 1990.

2. As part of my duties in the Bureau of Land, I am responsible for supervision of Agency personnel in all aspects of solid waste related activities, including review and commenting on all solid waste inspection reports prior to submittal to the main office. I also perform field inspections for the BOL Collinsville Region of solid waste facilities including but not limited to site visits, interviews, and records review. I have personally been involved in approximately over 1,200 field inspections.

3. I have a bachelor's degree in Animal Science from Southern Illinois University at

Carbondale and a master's degree in Environmental Science/Studies from Southern Illinois University at Edwardsville. I have a Professional Certification of a Certified Hazardous Materials Manager from the Institute of Hazardous Material Management.

4. As a general basis for the opinions and conclusions I provide below, I can state that general construction and demolition debris means non-hazardous, uncontaminated materials resulting from the construction, remodeling, repair, and demolition of utilities, structures, and roads, limited to the following: bricks, concrete, and other masonry materials; soil, rock; wood, including non-hazardous painted, treated, and coated wood and wood products; wall coverings; plaster; drywall; plumbing fixtures; non-asbestos insulation; roofing shingles and other roof coverings; reclaimed asphalt pavement; glass; plastics that are not sealed in a manner that conceals waste; electrical wiring and components containing no hazardous substances; and piping or metals incidental to any of those materials, as defined by Section 3.160(a) of the Act, 415 ILCS 5/3.160(a).

5. I am familiar with the Illinois Attorney General's case involving and the allegations against J&S Companies, Inc. In support of the People's Motion for Summary Judgment, I provide the following factual statements, personal observations, and opinions and conclusions based upon my experience and expertise.

6. On December 30, 2003, I conducted an inspection at 7401 Bunkum Road in East St. Louis, St. Clair County, Illinois. As part of the regular practice of business at the Illinois EPA, I created an inspection report of what I observed during the inspection. The inspection report was created during and after the inspection. Upon completion of the inspection report, it was kept in the course of regularly conducted business activity at the Illinois EPA. The inspection report I created is attached hereto as Exhibit B.

7. Photographs #1 through #12 of the attached inspection report were taken by me and truly and accurately depict the conditions that I observed at the Site on December 30,

2004.

8. I certify all factual statements, observations, and photographs within the inspection report.

FURTHER AFFIANT SAYETH NOT.

Subscribed and Sworn to before me

CHRISTOPHER CANNOVSKY

1630455275 – St. Clair County
East St. Louis/McKnight
Date of Inspection: December 30, 2003
Prepared by: Chris Cahnovsky

NARRATIVE

On December 30, 2003, I conducted an inspection at 7401 Bunkum Road in East St. Louis, Illinois. This address is the location of Classic Manufacturing, Inc. owned by Jim McKnight. Mr. Jim McKnight was present during this inspection.

I observed about 68 piles of general construction and demolition debris along the entrance road to the property. I also observed about 22 piles of general C&D debris behind the Classic Mfg. building. This general C&D debris consisted of brick, metal, plaster, paper, wood, pipe chase, wire and rebar. The paper appeared to be records associated with a school.

Mr. McKnight stated that this waste was from the Landsdowne Jr. High School and was dumped here by First Choice Trucking. Mr. Knight gave First Choice permission to dump on his property. Apparently, Mr. McKnight asked First Choice for brick to use as a road base. The material I observed during this inspection was what First Choice brought Mr. McKnight. Mr. McKnight stated that he dealt with Mike Bowman of First Choice Trucking.

According to a February 6, 2003 Construction Contract obtained by the St. Clair County Health Department (SCCHD), the East St. Louis Board of Education – District 189 contracted J & S Companies, Inc. of St. Louis, Missouri to demolish the Landsdowne Jr. High School (Attachment 1). Through some means, First Choice brought waste from the Landsdowne demolition site to the McKnight Property. This waste meets the definition of general construction and demolition debris pursuant to Section 3.160a of the Illinois Environmental Protection Act and should have gone to a permitted landfill.

This site first came to the attention of the Illinois EPA on November 21, 2003 when a drive-by inspection was conducted by Mike Grant and Tom Miller of the Illinois EPA. The SCCHD conducted an inspection at this site on November 25, 2003. The Health Department contacted J&S Demolition about the waste. Apparently, J & S was aware that First Choice was hauling waste to the McKnight property.

On December 3, 2003, Ron Robeen and Alan Grimmet with the Illinois EPA's Bureau of Air conducted an inspection at this site. During this inspection, Mr. Grimmet took two samples for asbestos. One sample was taken of white pipe chase waste and the other was of mastic adhering to floor pieces. The samples were sent to Philips Service Corporation in Columbia, Illinois on December 3, 2003. On December 5, 2003, the Agency received the results of the analysis (Attachment 2). The mastic tested negative for asbestos and the white pipe chase tested positive for asbestos, 12 percent chrysotile.

RELEASED

MAR 18 2004

REVIEWER MD

On December 19, 2003, I received a call from Sean Boles of J&S. Mr. Boles was aware that material from Landsdowne was going to the McKnight Property. He stated that he received a letter from Mr. McKnight asking that the material be dumped on his property. Mr. Boles faxed me a copy of the letter (Attachment 3). The letter was addressed Sean Boles from Jim McKnight. The letter stated that the brick dumped on the McKnight property was going to be used as a driveway base. This letter was dated December 5, 2003. This date is after the waste had already been dumped on site.

I asked Mr. McKnight why the letter was dated after the waste had already been dumped on his property. He stated that Mike Bowman called him and asked him to write the letter to J&S. Mr. McKnight agreed that the letter was sent after the waste had been dumped on-site. He also agreed that the waste had to be sorted and cleaned prior to use as a road base.

Mr. Boles stated that the removal of the asbestos was under a different contract and not preformed by J&S. He stated that all known asbestos was removed from the building prior to demolition under the supervision of IE Consultants in St. Louis. He was not aware that the waste that went to the McKnight property was general C&D, not "clean fill". He stated that he was not on the job site.

(Enforcement-Land)

REQUEST FOR ADMISSION OF FACT DIRECTED
TOWARDS J & S COMPANIES, INC.

The PEOPLE OF THE STATE OF ILLINOIS, *ex rel.* LISA MADIGAN, Attorney General of the State of Illinois, pursuant to Supreme Court Rule 216 submits this request for the admission of the truth of the following specified relevant facts within 28 days after service hereof:

1. On February 6, 2003, J & S Companies, Inc. signed a contract with Board of Education-School District 189 for demolition of the Landsdowne Jr. High School located in East St. Louis, St. Clair County, Illinois.
2. In 2003, J & S Companies, Inc. demolished the Landsdowne Jr. High School.
3. J & S Companies, Inc. hired First Choice Construction, Inc. to haul the construction and demolition debris from the school demolition site.
4. Starting on or about February 6, 2003 until about December 3, 2003, First Choice Construction hauled approximately 92 truckloads of construction and demolition debris from the school demolition site to 7401 Bunkum Road, East St. Louis, St. Clair County, Illinois ("disposal site").

5. J & S Companies, Inc. knew that the construction and demolition debris from the school demolition site was disposed of at the demolition site.

6. The construction and demolition debris disposed at the disposal site consisted of brick, metal, plaster, paper, wood, pipe insulation, wire, and rebar.

7. The disposal site is not permitted by the Illinois Environmental Protection Agency (Illinois EPA) as a sanitary landfill.

Respectfully Submitted,

PEOPLE OF THE STATE OF ILLINOIS,
