INFORMATION SERVICES AVAILABLE FROM THE BOARD

See the inside of this page for details on informational items available from the Board. These items include a subscription service for Board opinions and orders and copies of the landfill regulations in electronic format.

The Board also maintains an electronic Bulletin Board System (BBS) at 312-814-1590. There is no charge for access to the BBS. See the inside of this page for details.

NEW ON BBS: "AIR POLLUTION" SECTION AND REGULATORY STATUS

The Board has added two new items to the electronic bulletin board: the text of "fast track" Clean Air Act regulatory proposals and a listing of the status of all rulemaking proceedings presently pending.

Text of Clean Air Act Regulatory Proposals

The recent signing of the Pollution Prevention Act has created a new "fast track" air pollution rulemaking procedure at the Board, under new Section 28.5. This new procedure reduces the time for evaluation of the proposed regulatory language, which places greater emphasis on prompt public distribution of the regulatory text. To improve the prompt distribution of information, the Board has opened a new File Section and Conference on BBS called "Air Pollution."

In the "Air Pollution" File Section and Conference, the Board will place the full text of regulatory proposals adopted for first notice. Because these documents contain strike-through and underscore notations, only the Wordperfect 5.1 file will be available; it will not be possible to keep an ASCII file.

The first file, "R92-21N1.WPF", is now available. It is the New Source Review (docket R92-21) First Notice (N1) proposed regulatory text, in Wordperfect 5.1 format (WPF). The BBS will use this same notational format for future regulatory filings. The New Source Review docket is the Agency's proposal to modify the New Source Rules.

The Board plans to add new information in this File Section in the future. Such anticipated additional information may include the "Participants of Record" listing, as well as on-line readable summaries of the regulatory proposal. We hope the availability of this information on BBS is useful to users.

Regulatory Status Sheet

Another new file on BBS appears in file Area #1 - General Information. This file, the Regulatory Status Sheet (REG-STAT.WPF), is a listing of all pending regulatory dockets at the Board including a brief description and status. It appears in Wordperfect 5.1 format.

RULEMAKING UPDATE

SDWA UPDATES DISMISSED, R91-15 & R92-12

On December 3, 1992, the Board dismissed Safe Drinking Water Act update dockets R91-15 and R92-12 because no federal amendments occurred during the periods covered. Formerly, docket R91-15 included the federal Lead and Copper rules, adopted by USEPA on June 7, 1991. However, the Board adjusted the time-frame of docket R92-3 to cover the period from June 1 through December 31, 1991. No federal amendments occurred in the changed time-frame of docket R91-15, between February 1 and May 31, 1991. The Board adopted amendments in docket R91-3 based on the federal only amendments that occurred between January 1 and June 30, 1992, the time-frame of R92-12. With no federal amendments outstanding for this period, the Board dismissed R92-12 also. Direct questions to Michael J, McCambridge, at 312-814-6924. (Please refer to docket R91-15.)

**ENVIRONMENTAL INFORMATION SERVICES
AVAILABLE FROM THE BOARD**

The Board has the following information available:

POLLUTION CONTROL BOARD ELECTRONIC BULLETIN BOARD SYSTEM (BBS). The Pollution Control Board operates an electronic BBS at 312-814-1590. The BBS is available 24 hours a day, 7 days a week, to anyone with access to a computer and a modem - there is no charge for access to the BBS. The best communications settings are 8 data bits (or data length 8), no parity (or parity = none) and 1 stop bit, i.e., 8-N-1. The best terminal emulation is ANSI-BBS or just ANSI. The BBS contains Board Agendas, Environmental Registers, Annual Reports, and various documents about the Board. You may download these documents to your computer. For additional information contact Bill Forcade at the Board Offices 312-814-3620.

SUBSCRIPTION SERVICE OF BOARD OPINIONS AND ORDERS. The subscription service comprises all the Opinions and Orders issued by the Pollution Control Board in a fiscal year (July 1 through June 30). The Board meets approximately twice monthly in order to issue Opinions and Orders.. Usually no later than the end of each month, a volume is issued containing the Opinions and Orders of the Board from the preceding month.

HARD COPIES OF BOARD OPINIONS AND ORDERS FOR FISCAL YEAR 1992 (July 1, 1991 through June 30, 1992) **ARE AVAILABLE FOR IMMEDIATE DELIVERY.** The cost is \$350.00 per set.

Two formats will be offered starting July 1 of this year (FY93): a hard paper copy for \$350.00 per year and an electronic version for \$275.00 per year. The electronic version will consist of Opinions and Orders in the WordPerfect 5.1 format on either 3.5" or 5.25" inch diskettes. The electronic format will allow for word searches and other useful tools provided by the WordPerfect software.

When ordering, please specify the choice of either the hard copy or electronic version. If ordering the electronic version, please specify 3.5" or 5.25" diskettes.

MEDICAL WASTE RULES PROPOSED, R91-20

On December 3, 1992, the Board proposed regulations for the treatment, storage, and transfer of potentially infectious medical waste (PIMW) and standards for the transportation, packaging, and labeling of PIMW. The First Notice proposed amendments closely follow the recommendations of the Governor's Medical Waste Tracking Study Group, as that group's consensus recommendations have been presented to the Board in the proposal submitted by the Illinois Environmental Protection Agency (Agency). The few substantive departures from that proposal are identified and discussed in the Board's opinion.

Pursuant to the Illinois Administrative Procedure Act, a 45-day public comment period will commence upon publication of a Notice of Proposed Amendments in the *Illinois Register*. Persons interested in submitting public comments on this proposal, or in responding to inquiries posed by the Board in its opinion, should submit written filings to the Clerk of the Board prior to the expiration of the 45-day comment period: Clerk of the Board, Pollution Control Board, State of Illinois Center, 100 West Randolph Street 11-500, Chicago, Illinois 60601. Copies of the Board's opinion and order are available from the Clerk of the Board, at 312-814-3620. Direct questions to Michelle C. Dresdow, at 815-753-0947. (Please refer to docket R91-20 with

all comments, questions, or requests.)

DEADLINE EXTENDED FOR SDWA UPDATE, R92-3

On December 3, 1992, the Board entered an order that extended the deadline in Safe Drinking Water Act update docket R92-3. The Board adjusted the time-frame of this docket to include federal amendments occurring in June, 1991. At present, this docket includes the federal Lead and Copper rules, adopted by USEPA on June 7, 1991, and segments of the federal Phase IIB rules not adopted in docket R91-3, adopted by USEPA on July 1, 1991. The Board cited the delays in adoption of the R91-3 federal Phase II and coliform rules and the recent receipt of federal guidance documents as the reasons for the delay in this rulemaking. The Board estimated that it will have a proposal for public comment in February and will adopt rules based on the federal amendments in early June, 1993. Direct questions to Michael J. McCambridge, at 312-814-6924. (Please refer to docket R91-15.)

DEADLINE EXTENDED FOR CONTINGENCY PLAN UPDATE, R92-18

On December 3, 1992, the Board extended the rule adoption

deadline for the recent state contingency plan (CERCLA or "Superfund") rules update docket, R92-18. The Board opened this Docket on October 1, 1992 for the purpose of updating the State contingency plan rules. Those rules, derived from corresponding federal regulations, address spills of hazardous materials and prioritization of remediation projects to be funded by the State. The Board has begun developing a proposal to update the rules and anticipates completion by April 1, 1993.

Two significant recent events necessitate revision of the state contingency plan rules. The Board adopted the Illinois CERCLA rules in June, 1984, in docket R84-5. USEPA significantly amended its CERCLA rules in March, 1990, completely replacing the prior rules. Further, the R84-5 rules required the Agency to adopt the State Remedial Action Priorities List ("SRAPL") by rulemaking. Recently, an appellate court held that the Agency had no authority to adopt its SRAPL rules. (*States Land Improvement Corp. v. IEPA* (June 25, 1992), 231 Ill. App. 3d 842, 596 N.E.2d 1164 (4th Dist.)) Refer questions to Morton Dorothy, at 217-333-5575. (Please refer to docket R92-18.)

FOR YOUR INFORMATION

BOARD OPEN HOUSE A SUCCESS

The Board hosted an after-hours open house at its Chicago offices on November 20, 1992. Board members and staff provided food and refreshments. Over 200 persons attended, including persons from government and industry.

UPCOMING AUTOMOBILE EMISSIONS LECTURE

A lecture titled "The Science and Politics of Automobile Emissions" will be given by Dr. Donald H. Stedman of the University of Denver at the January 22 meeting of the Chicago Section of the American Chemical Society. The lecture will be presented at 8:00 p.m. at the Holiday Inn North Shore, 5300 Touhy Avenue, Skokie, Illinois. For further information contact Ron Sykus, 708-647-8405.

BOARD MEMBER ADDRESSES CHICAGO BAR

On Tuesday, December 1, 1992, Board Member Bill Forcade spoke to the Environmental Law Committee of the Chicago Bar Association on upcoming regulatory matters under the Clean Air Act, and utilization of the Board's electronic Bulletin Board System (BBS).

BOARD ATTORNEY ADDRESSES AGRICULTURE

On October 26, 1992, Phil Van Ness, the Board's Intergovernmental Affairs Attorney, addressed members of the Growmark Environmental & Regulatory Services Division, in Bloomington. Growmark is affiliated with Farm Bureau in Illinois.

HAVE A QUESTION? ASK BOARD STAFF

The Board continually receives calls from persons

asking questions. Many of the questions are dealt with by the Clerk's office, but each business day one of the attorney staff is designated as the primary recipient of those calls the Clerk's office cannot answer.

The subject matters of the questions frequently range from the status of rulemakings and contested cases pending before the Board to dates of hearings and procedural and regulatory questions. Board staff is usually able to promptly provide the requested information or to send copies of orders or rules containing the information. (Reprints of Board regulations are often available. There is no charge for the first copy of Board opinions and orders; all subsequent copies are billed at 25¢ per page.)

Board staff is generally free to answer questions as they arise. If the staff person receiving a call cannot answer a question, he or she may redirect the call to someone more able to do so.

If you have a question, call 312-814-3620. The Board and staff are happy to help.

BOARD ESTABLISHES CLEAN AIR ACT RULEMAKING MASTER LIST

As noted above, the legislature recently added new fast-track Clean Air Act Amendment (CAAA) rulemaking procedures to the Environmental Protection Act, at Section 28.5. (P.A. 87-1213, effective September 26, 1992.) These fast-track procedures establish specific, and very tight, deadlines for action on CAAA rulemaking proposals filed with the Board by the Illinois Environmental Protection Agency. One of those deadlines requires the Board, within 14 days of receipt of a proposal, to file a proposed rule for first notice, schedule all hearings, and cause public notice to be given. So that the Board will be prepared to send its first notice opinion and order to all those who might be interested in a specific proceeding, the Board is now establishing a CAAA "master list". As discussed in RES 92-2, this master list, along with any additional names provided by the Agency from their outreach list for a specific proposal, will serve as the initial notice list for mailing the Board's first notice opinion and order and hearing notice. This first mailing will also include a coupon requiring those who want to continue to be included on the notice list for that individual proposal to return the coupon to the Board within a specified time.

Those interested in CAAA rulemakings should return the coupon below for inclusion on the CAAA master list. The

Board asks that only one individual from each firm or organization be included on the master list.

CLEAN AIR ACT RULEMAKING MASTER LIST

Yes, I am interested in receiving notice of the initial filing of CAAA rulemaking proposals. Please include me on the CAA master list.
