

Dear Members Of The Illinois Pollution Control Board:

I urge you to adopt strong controls that, by 2009, would cut coal plant mercury pollution by 90%. *206-25*

Every river, lake, and stream in Illinois now carries a health warning for mercury contamination. Illinois can address this problem now and show America how requiring cost-effective measures for mercury control will clean up local lakes and streams and promote a healthy economy. *PC#82*

Reducing mercury emissions by 90% is achievable at reasonable cost. Please approve this **RECEIVED** *—*  
our families and our wildlife from unnecessary harm. **CLERK'S OFFICE**

APR 26 2006

Sincerely,

Name *JoAnn Nelson* **STATE OF ILLINOIS**  
**Pollution Control Board**

Address *616 N. Almond*
