	)	(Consolidated)

**MOTION FOR EXTENSION OF TIME**

**NOW COMES** the Illinois Environmental Protection Agency (“Illinois EPA”) and, pursuant to 35 Ill. Adm. Code 101.522, moves the Illinois Pollution Control Board (“Board”) to grant the Illinois EPA an extension of time in which to file its public comments in the above captioned matter.

The public comment period in this matter is scheduled to close on or about June 5, 2005. However, due to the large volume of the consolidated rulemaking and the fact that the new Part 727 Standardized Permit changes are far reaching, the Illinois EPA needs more time to evaluate how the new regulations are intertwined with the existing regulations. Therefore, the Illinois EPA respectfully requests that the Board grant us until June 30, 2006 to file its public comments in this matter.

Respectfully submitted,

ILLINOIS ENVIRONMENTAL  
PROTECTION AGENCY

  )  
**County of Sangamon**            )

**BEFORE ME**, the undersigned Notary Public, Brenda Boehner, on this 18<sup>th</sup> day of May, 2006, personally appeared Rob Watson, known to me to be a credible person and of lawful age, who being by me first duly sworn, on his oath, says:

1. That the Board has set a Public Comment deadline of June 5, 2006 in the consolidated Identical-in-Substance rulemaking, Docket No.s R06-17 through R06-18;
2. That due to the large volume of the consolidated rulemaking (over 1,000 pages) and the far-reaching effect that the new Part 727 Standardized Permit requirements have on the existing regulations, the Illinois EPA needs additional time to evaluate how the new regulations are intertwined with the existing regulations;
3. That during its review, the Illinois EPA has found inconsistencies between the federal regulations and their corresponding State regulations; and
4. The Illinois EPA does not believe it can accomplish its review by the June 5, 2006 deadline set by the Board.
