HEARING OFFICER ORDER

On June 15, 2006, the parties participated in a telephonic status conference with the hearing officer. The respondent represented at the last telephonic status conference that the new fan blades have been installed but sound measures have not been performed due to malfunctioning motors. The respondent has now represented that the malfunctioning errors have been resolved and that testing should begin in the near future. The respondent was directed to notify the hearing officer and the complainants by the afternoon of June 16, 2006, the schedule of the preliminary testing. The respondent represented that some of the complainants may observe the final round of testing but not the preliminary testing.

The parties or their legal representatives are directed to participate in a telephonic status conference with the hearing officer on July 13, 2006, at 11:30 a.m. The telephonic status conference must be initiated by the complainants, but each party is nonetheless responsible for its own appearance. At the status conference, the parties must be prepared to discuss the status of the above-captioned matter and their readiness for hearing.

IT IS SO ORDERED.
