Narrative

On, May 4, 2006, I (Jeff Port) performed a follow-up inspection at the Lake Wildwind Mobile Home Park, located at 120 Hollyhock Lane in Metamora. The purpose of this inspection was to determine if compliance had been achieved with respect to violations observed during an August 5, 2003 complaint investigation (C-2003-039-P).

I arrived at the site at 10:20 AM. I was accompanied by Jason Thorp, DLPC/FOS-Peoria. The weather was sunny and warm, approximately 70 °F. We entered the office and I addressed the woman behind the counter. I introduced myself and explained the purpose of my inspection. The woman stated that she was a volunteer and that the manager, Mary Craven was currently somewhere else in the park. I explained to the woman who later introduced herself as Melissa Smith, that I needed to photograph the areas where I had previously observed violations. Ms. Smith stated that the park no longer owned the property down the hill where the dumping and burning had taken place. She stated that the property is now owned by Harold Bumeter. I told Ms. Smith that I had also observed a burn pile behind the office and that I needed to examine that area as well. We then left the office and proceeded to the area behind it. Photographs P1 through P3 show an active burn pile. Various objects were present in the pile including furniture, demolition debris, scrap metal, and domestic waste. After photographing this area, we walked down a gravel road to the bottom of the hill where I had previously observed open dumping and open burning. Photographs P4 through P8 show areas where I had observed waste open dumped. These areas appear to have been cleaned up as no waste remained. Photographs P9 through P12 show an area where I had observed a large pit filled with the burned remains of a trailer and several other burned items. All of this material had been removed and no waste remained. After photographing this area we proceeded back up the hill and departed the site at approximately 10:50 AM.

Photograph locations are depicted on the accompanying site map. Based upon this inspection, the following violations were found to be continuing and are indicated on the accompanying checklist.

1. Pursuant to Section 9(a) of the {Illinois} Environmental Protection Act (415 ILCS 5/9(a)), no person shall cause or threaten or allow the discharge or emission of any contaminant into the environment in any State so as to cause or tend to cause air pollution in Illinois, either alone or in combination with contaminants from other sources, or so as to violate regulations or standards adopted by the Board under this Act.

A violation of Section 9(a) of the {Illinois} Environmental Protection Act (415 ILCS 5/9(a)) is alleged for the following reason: **Evidence of open burning which would cause or tend to cause air pollution in Illinois was observed during the inspection.**

not specifically designed for the purpose and approved by the Agency pursuant to regulations adopted by the Board under this Act; except that the Board may adopt regulations permitting open burning of refuse in certain cases upon a finding that no harm will result from such burning, or that any alternative method of disposing of such refuse would create a safety hazard so extreme as to justify the pollution that would result from such burning.

A violation of Section 9(c) of the {Illinois} Environmental Protection Act (415 ILCS 5/9(c)) is alleged for the following reason: **Evidence of open burning was observed during the inspection.**

3. Pursuant to Section 12(a) of the {Illinois} Environmental Protection Act (415 ILCS 5/12(a)), no person shall cause or threaten or allow the discharge of any contaminants into the environment in any State so as to cause or tend to cause water pollution in Illinois, either alone or in combination with matter from other sources, or so as to violate regulations or standards adopted by the Pollution Control Board under this Act.

A violation of Section 12(a) of the {Illinois} Environmental Protection Act (415 ILCS 5/12(a)) is alleged for the following reason: **The discharge of contaminants was caused, threatened, or allowed, so as to cause or tend to cause water pollution in Illinois.**

The prohibitions specified in this subsection (p) shall be enforceable by the Agency either by administrative citation under Section 31.1 of this Act or as otherwise provided by this Act.
