

To the Ill. Pollution Control Board

Please adopt the strong controls that, by 2009, would cut coal plant mercury pollution by 90%. As a grandparent in Ill., I am alarmed by the threat heavy children and grandchildren' breathe. **RECEIVED**
mercury now found in our State's **CLERK'S OFFICE**
& air. **MAY 10 2008**
Our children must have a clean
environment in which to grow.
This proposal can help make that
possible at a reasonable cost. **STATE OF ILLINOIS**
Pollution Control Board
Sincerely, **PCT#309**
Tyrone W. Ford
